How to add a college account to a Chromebook

1. Log into the Chromebook with your **Excelsior** email address
2. Open Chrome and on the New Tab page, select your account profile icon, and click on **Add another account**.

3. Following the prompts, enter your **college** email address (e.g. student@student.vvc.edu) and password to log in.

4. Refresh or open a New Tab page and your account will be added. You can select this account when accessing college classes.
