

## Meet Mrs. Loïselle

*Hello,*

My name is Mrs. Loïselle, and I am delighted to be your teacher. We are going to have so much fun learning this year! We will work together to build a classroom community where everyone is valued. We'll explore the wonders of math, embark on inspiring reading adventures, discover exciting science phenomena, create unique projects and build skills in the craft of writing. In addition to building our reading, writing, speaking and math skills, will expand our skills as kind community members, resilient problem solvers and creative thinkers.

I can't wait to get to know you, and I will share a little bit about myself. I am from Connecticut and have a Master's Degree in Teaching from Columbia University, Teacher's College in New York City. I have lived in Washington for 17 years, and I have taught in the Mercer Island Schools for the past 6 years. I live in Mercer Island and have 3 kids: a middle schooler at IMS, a high schooler at MIHS and a college freshman. Our family loves to go skiing, hiking and play board games together. We also have a mini golden doodle named Madaket.

I hope you had a wonderful Summer. I can't wait to meet you and for us to start a meaningful year of learning together at Northwood!

Warmly,

*Mrs. Loïselle*
