

95 Vocabulary Surge™

Unleashing the Power of Word Parts

Empower your students to enjoy more complex, intriguing texts

Even with advanced decoding skills, students with limited vocabulary will struggle to read fluently and comprehend complex text. For students to close the vocabulary gap, they need instruction that not only teaches the meaning of well-chosen words, but also shows them how to learn words on their own.

95 Vocabulary Surge™: Unleashing the Power of Word Parts shines a light on word parts and helps students build powerful vocabulary skills—dramatically accelerating their reading fluency and word comprehension in grades 3-8.

Lessons support both whole class and small group instruction. Unleash the power of 95 Vocabulary Surge in **15-minute daily lessons**. Show students how to break words into parts, hypothesize the meaning of word parts, and check the meaning in context.

Move beyond vocabulary lists

Research has shown that knowledge of morphemes is a better predictor of reading comprehension than vocabulary level.

When students are given the tools to independently uncover meaning by focusing on word parts, teachers see:

- ▶ Dramatic surge in vocabulary using word part meanings
- ▶ More accurate decoding
- ▶ Improved fluency and comprehension
- ▶ Accelerated rate of learning words independently
