

MY PLACE. MY PATH. MY FUTURE.

Experience the power of small learning communities where core classes connect with students interests! The Academies of Shakopee are leading the way in preparing students for what's next. Shakopee High School is proud to be one of only two models in the state that truly elevates college and career readiness.

Within Shakopee High School, you'll find eight specialized career Academies, each designed to ignite student interests. Each student journey begins with exploration in the 9th Grade Academy. From there, students choose an Academy to focus on from sophomore year onwards. Students receive personalized support from teachers, businesses, school counselors and administrators every step of the way, ensuring each and every student graduates life and career pathway ready!

EIGHT EXCITING ACADEMIES

- Arts & Communication
- Business & Entrepreneurship
- Engineering & Manufacturing
- Health Science
- Human Services
- Science & Technology
- 9th Grade (Alpha/Omega)

Shakopee's Center for Advanced Professional Students (CAPS) offers students hands-on, real-world career experiences. Beyond the Academies, CAPS partners with Normandale Community College, Hennepin Technical College, and St. Cloud State University, allowing students to earn college credit alongside their high school electives.

PROUD PARTNERSHIPS

The Shakopee Chamber, Shakopee Foundation and local businesses work to provide real-world, authentic learning experiences and career exploration activities.

STRONG CONNECTIONS

Students are connected with others who have similar aspirations and teachers who can make meaningful connections to their future.

SMALL LEARNING COMMUNITIES

Each Academy offers a dedicated physical space, focused team of teachers, an Academy Principal and Champion and elective courses directly linked to career pathways.

STUDENT PROJECT SPOTLIGHTS

The Lily Pad Project

For the 23 juniors & seniors in Mr. Hendrickson's Engineering & Manufacturing Academy and CAPS class, a unique project request from healthcare equipment designer & manufacturer CentiCare led to an exciting solution for pediatric hospital patients.

The Green Bandana Project

Not all students have a reliable resource when it comes to mental health concerns or expressing personal feelings. Students identified this need and took action through the Green Bandana Project. Learn more about this student-led initiative.

- Environmental Science

"Students get the opportunity to explore many different career paths. If they decide that a certain path is not for them, then they don't have to take any classes in that path. The Academies of Shakopee really help students decide what they want to do."

Allison Lassiter | *Engineering & Manufacturing Academy*

"The Academies of Shakopee provided the opportunity to take business classes that helped prepare me for my career path. I'm learning key skills for life, which has been very helpful."

Roman Garwood | *Business & Entrepreneurship Academy*

PARTNERSHIPS

Imagine learning directly from industry professionals! Shakopee's Academy Champions are committed, contributing over \$300,000 of value in mentorship, curriculum guidance, insider knowledge, internships and valuable resources. And that's not all – 80+ additional businesses and community partners are here to support student growth in Shakopee!
