

Advanced Placement Exams

Although LCC is an International Baccalaureate (IB) world school, we remain an Advanced Placement (AP) testing centre. Non-IB diploma students can take AP exams in grade 11 and Pre-U, and may require testing to qualify for university programs overseas.

LCC offers six AP courses for Pre-U students not pursuing IB: AP Physics C: Mechanics, AP Chemistry, AP Environmental Science, AP Psychology, AP Calculus AB, and AP Calculus BC.

LCC and external students can register for any AP exam they wish, even if it is not offered as a course at LCC. However, students registering for the *exam only* option, are expected to independently prepare for this opportunity. Please see the [AP website](#) for complete details on the subject areas and course content.

Successful scores on an AP exam have the potential to earn credit or advanced standing at universities in Canada and the US. The correct number and combination of courses may also qualify students who are not pursuing the IB Diploma for overseas university admission.

Fees

[The College Board](#), the issuing body of AP exams, charges a required fee per exam. LCC also charges a non-refundable administration fee in addition to this to cover invigilation, coordination, and supply costs. The AP coordinator can inform families on what to expect each year related to this.

Deadlines

November 1	Deadline to register for all AP exams
March 1	Deadline to withdraw registration without a cancellation fee.

Exam Accommodations

Students who require specific exam accommodations (ex. Extra time, quiet space), must disclose this at the time of registration. Failure to disclose specific accommodation needs by the registration deadline may limit what accommodations we can provide.

Registration Process

Every year the AP coordinator will release an AP registration form to LCC families. External candidates can reach out to the AP coordinator to access this form. If you have any further questions regarding AP exams, please contact the AP coordinator at apcoordinator@lcc.ca.
