

Mentorship, Passion and Growth — Powered by Your Generosity to the Breck Fund!

At Breck, exceptional faculty-student relationships inspire personal growth, ignite passions, and shape lifelong goals. **A-Team member Annie C. '26** shares how **Physics teacher and Swim Coach, Brian Wright** has influenced and inspired her:

"Mr. Wright has been more than a coach—he's a supportive teacher who helped me overcome challenges in physics and pushed me to my physical limits in the pool. His lessons on dedication, hard work, determination and how those values lead to success have shaped who I am today and will stay with me forever."

Your gifts to the Breck Fund ensure that we attract and retain **outstanding faculty** who inspire students every single day.
