ClassLink

Your portal for accessing district apps and resources securely with a single sign on login. You can find on the MISD Staff Links page! Bookmark it!

How to connect ClassLink to Google

You can sign in to ClassLink easily with Google, but it takes a couple of steps in ClassLink first. Watch the quick tutorial below to connect your accounts:

Getting Started

ClassLink & Computer Log in
Username: Firstname.last
Password: (computer password)

Students:
Username is ID number. Example: ######
Pre K-4th grades password is the campus generic password. (Ask your campus)

5th-12th grade default password is "midlandisd+ID number. Example: midlandisd######

Students can create their own password by clicking on the Account Claim button in ClassLink or by going to their Chromebook Kiosk app.
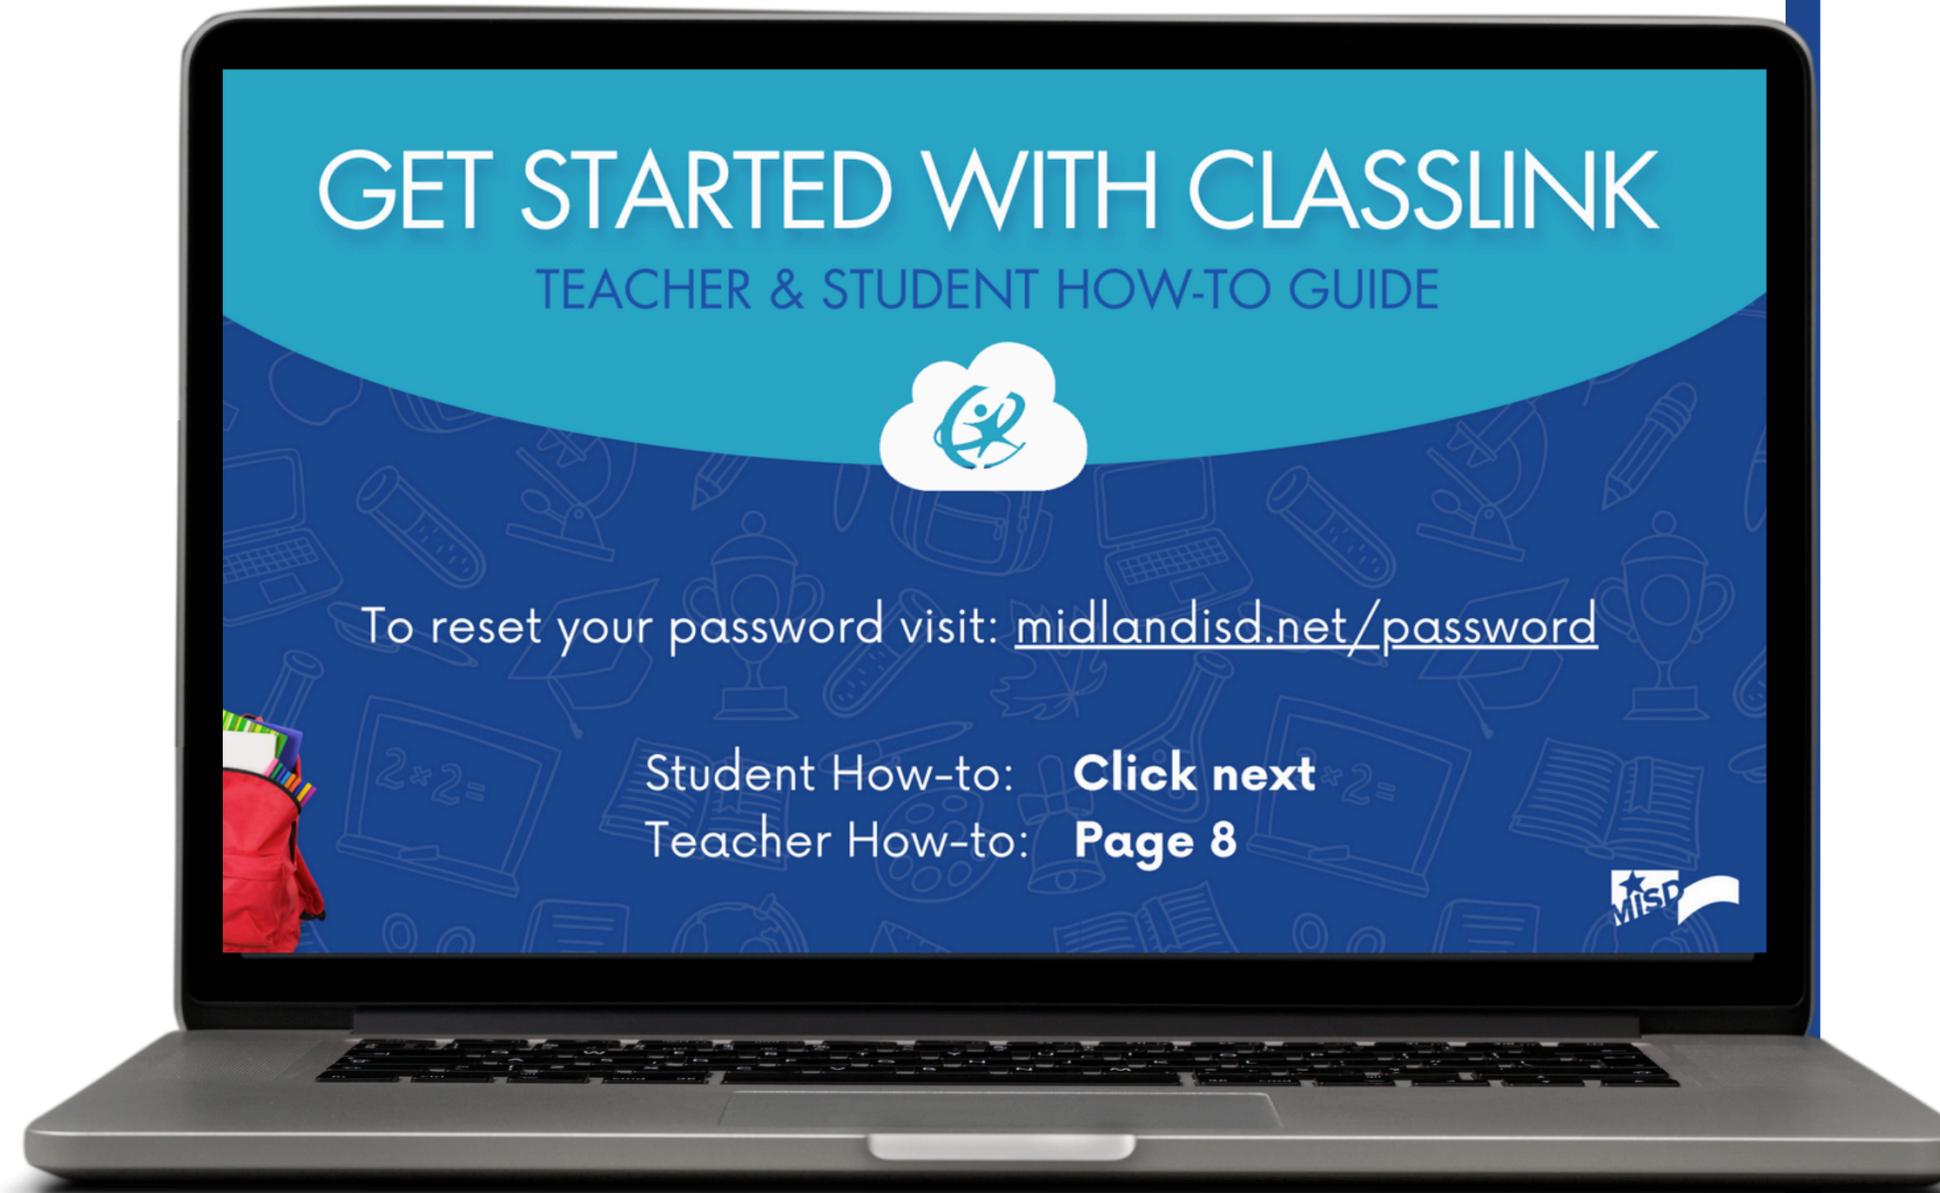

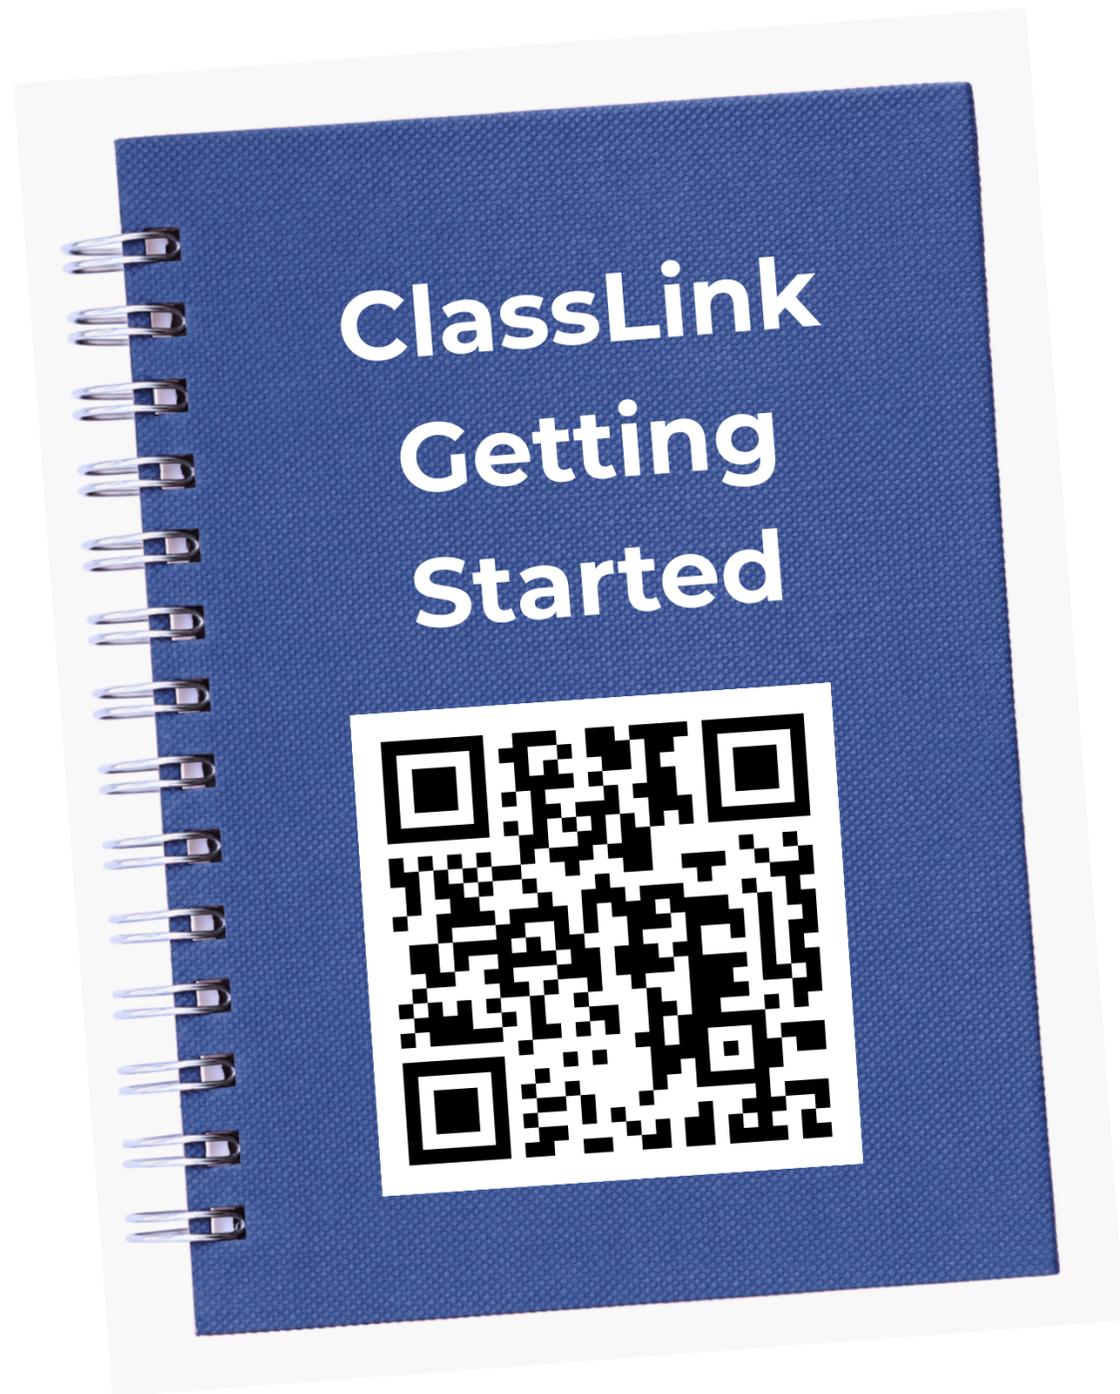

Account Claiming

Password Reset

Anyone can reset their password in the main Classlink login page.

Just reset once, and it automatically updates your computer, Google, and Classlink passwords, all in one! You can also go to midlandisd.net/password to reset your password.

PASSWORD RESET IN

Google District

Use the Google apps launcher (waffle) to find essential classroom tools like Google Classroom, Docs, Sheets, Gmail, and Calendar for seamless management and communication.

Here, you will also find important district apps like Skyward Student (gradebook), Skyward Business (Paystub), Gemini, Canva, Kami, and Google Classroom. You can find the waffle on the Google homepage.

class   mail   calendar   meet

forms   slides   drive   sheets

YWAI
Skyward Student

Gemini

Google Classroom

Google Classroom is our official web-based platform that helps teachers manage assignments, communicate with students, and organize coursework in a paperless environment.

GC features assignment add-ons like Kami and Edpuzzle, and a quiz fearture called Practice Sets.

SIS generated courses should automatically appear before the first day of school. You can access GC right from apps waffle.

Clevertouch

Desktops are connected to the Clevertouch. From the bottom of board, swipe up and select teacher PC. The Clevertouch also has a built in OS called Lux with a whiteboard app.

[How to Guide](#)

[midlandisd.net/clevertouch](#)

Getting Started with Clevershare app

Download the Clevershare app onto any device to wirelessly control any Clevertouch panel with a code.

[Step-by-step Guide]

Tech Monitoring & Control

Use Apple Classroom (for iPads) and GoGuardian (for Chromebooks) to monitor student activity, guide learning, and keep students on task during lessons.

These tools let you view screens, lock devices, and push websites—all in real time!
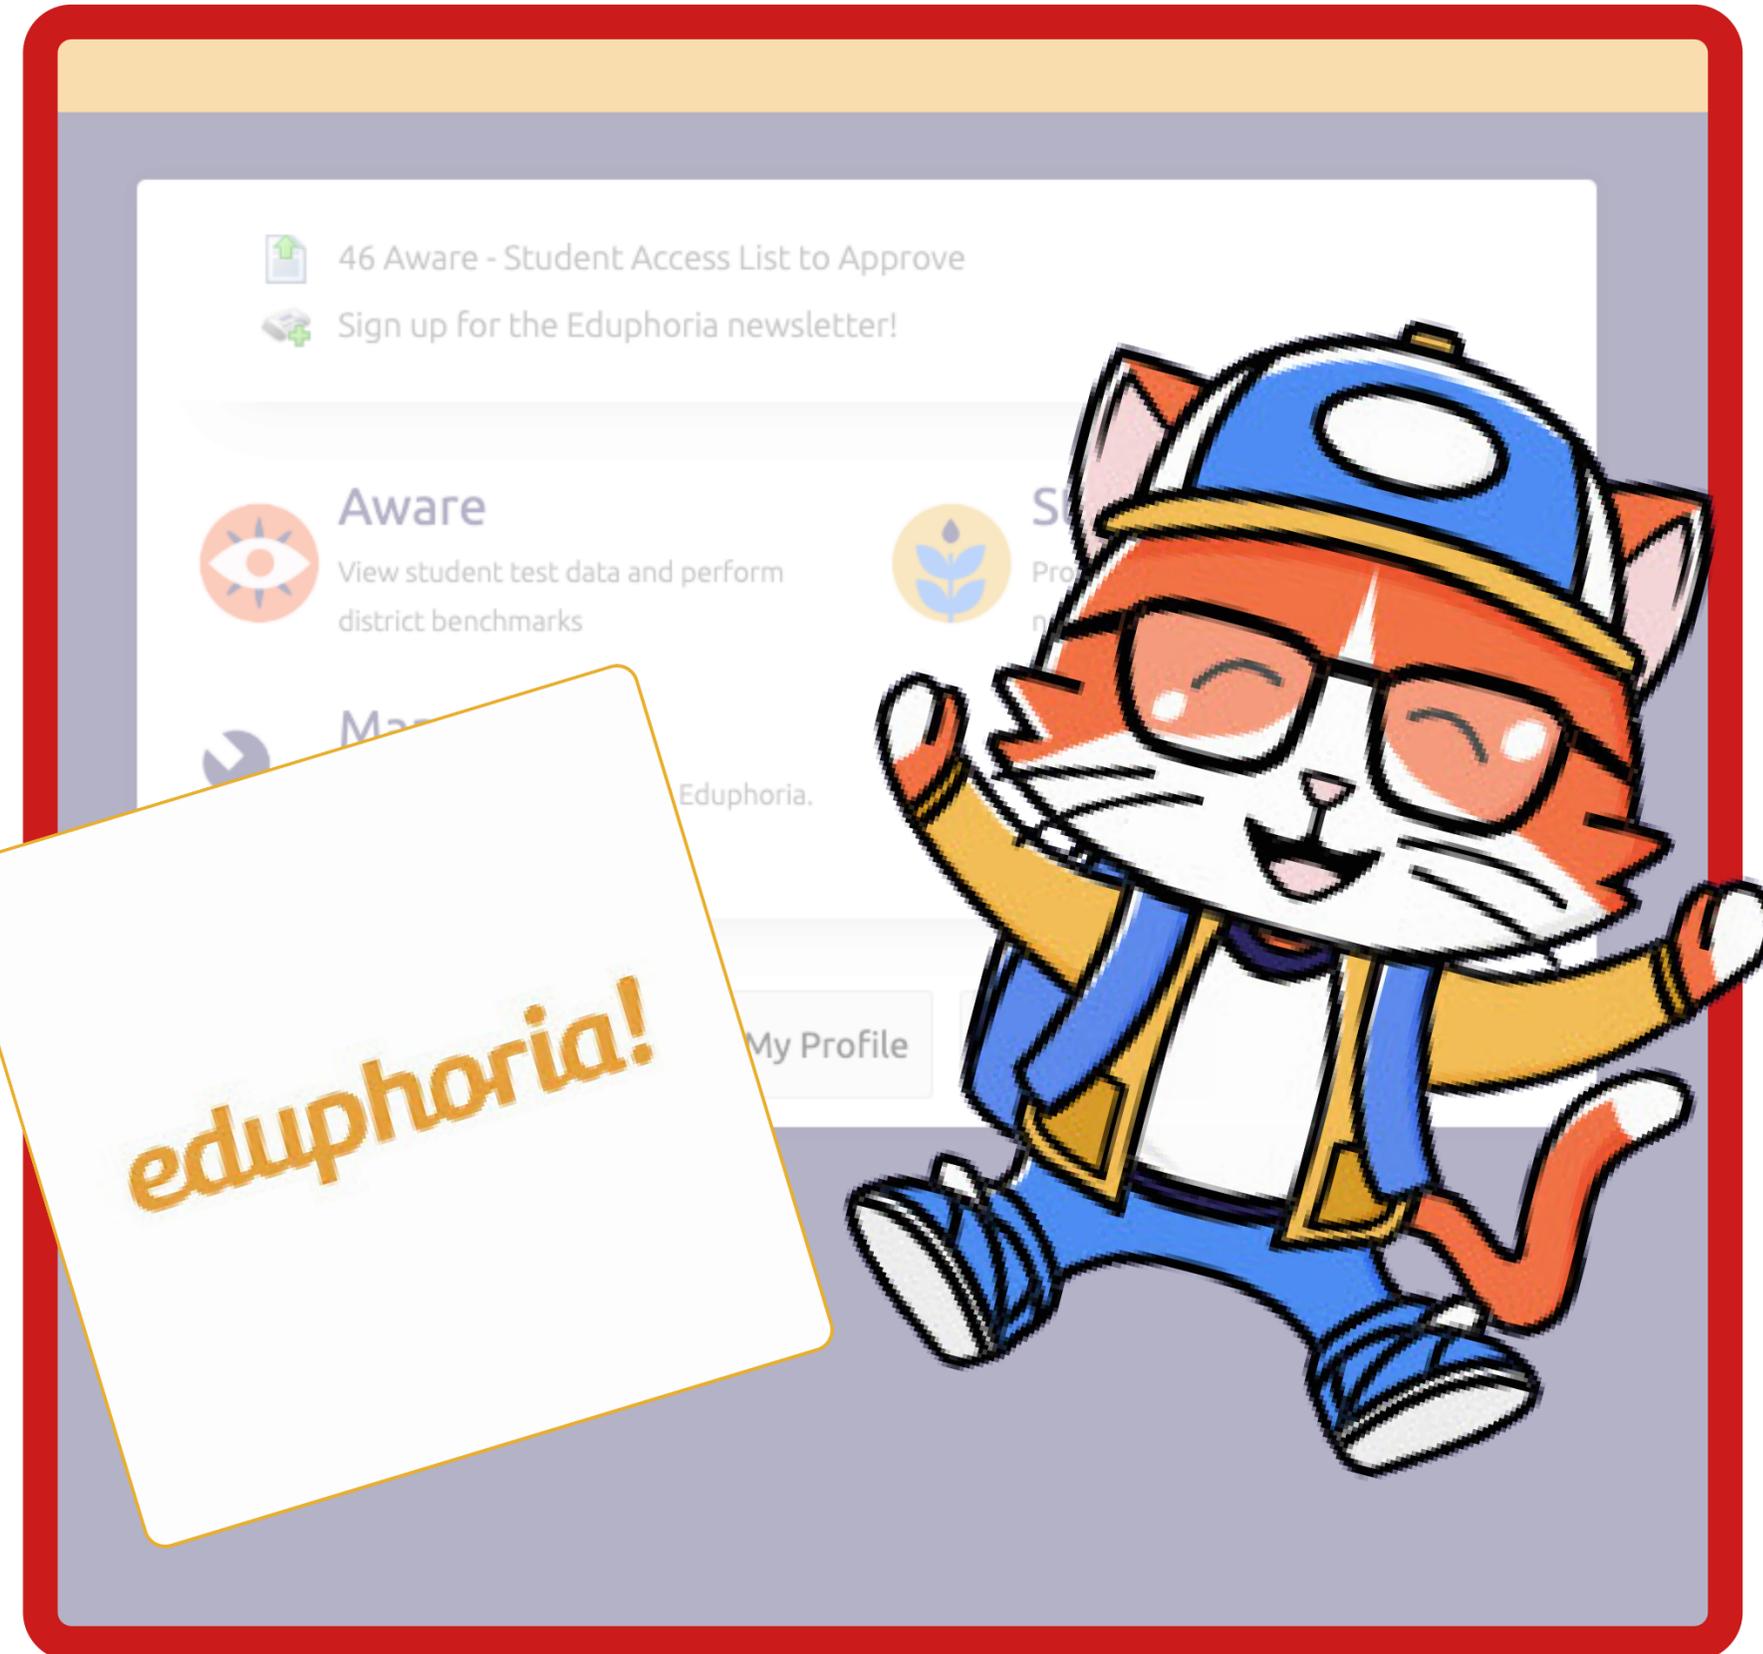

You can find GoGuardian in your ClassLink!

Eduphoria

Eduphoria is located in your ClassLink. Set up your profile, sign up for trainings, set goals, access student forms as well as administer assessments and view data.

Go to "My Profile" on the homepage to update your info. Example: If you have a new campus.

Technology Request Proces...

Veracity is a catalog of approved digital tools and programs provided by the district, shows programs that have been vetted, which campuses can purchase, and allows campuses to submit a request if a program is not currently listed.
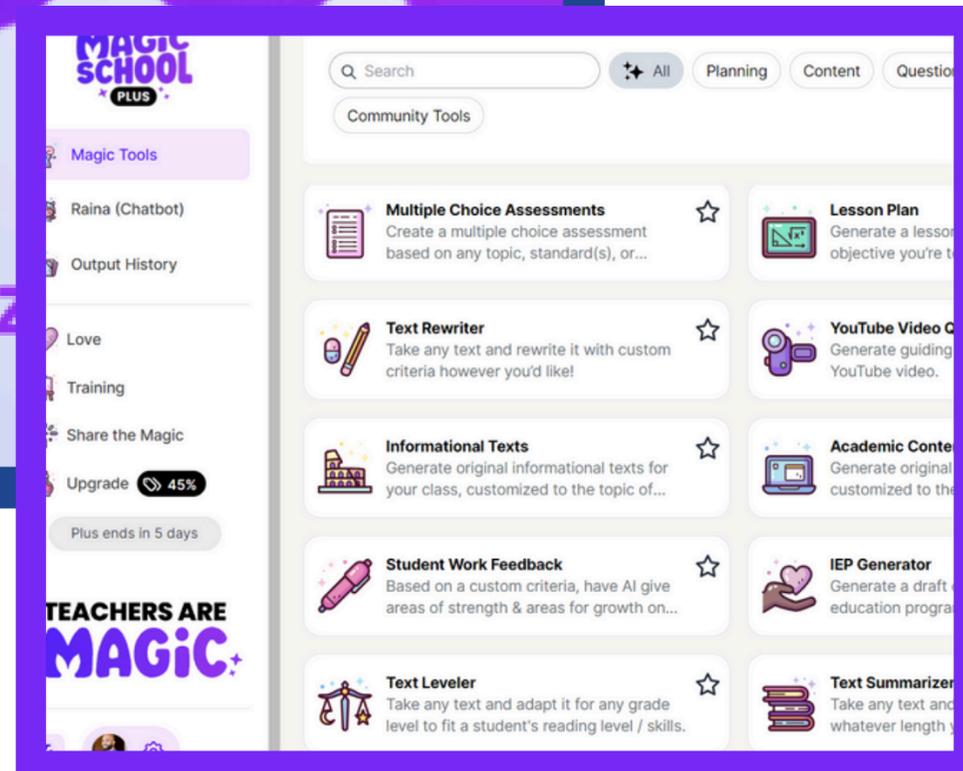

In your ClassLink

Magic School AI

Magic School AI is a secure and transparent platform empowering teachers to generate engaging content and personalize learning. Teachers have full visibility into all student chats, ensuring a safe and monitored environment.

THE MISD
HP Convertible Teacher Laptop

- Get from campus Media Specialist

- Must log in for the first time at the school on the wifi

- It can flip! (convert)

- Great for Cleversharing

Class Dojo

- District Communication Platform
- For all grades/schools
- All students and parents rostered

ClassDojo

Dojo Islands

Kami

Kami is a digital tool that transforms any document into an interactive learning experience. It allows students and teachers to annotate, mark up, and collaborate on PDFs and other files in real time, making it ideal for digital worksheets, assignments, and presentations.

Find it in the waffle!

Empowering Digital Learners with Learning.com
