This Agreement is entered into by **Gainesville Independent School District** (“District”), the **Student** named below, and the **Parent/Guardian**, regarding the use of a District-issued Chromebook and accessories.

The Chromebook, charger, and protective case remain the property of Gainesville ISD and must be returned in good working condition upon the student’s withdrawal, graduation, or at the end of the academic year. Failure to return District property may result in a \$250 replacement fee and may be treated as theft, including the possible filing of a police report.

The student is responsible for using the device for educational purposes only, in accordance with District policy. The case must remain on the device at all times, and the student is expected to bring the device fully charged to school each day. Any damage, malfunction, or loss must be reported immediately to campus personnel. Students may not customize, remove labels from, or alter the physical appearance of the device or its accessories.

Repair or replacement fees may be assessed for damaged or missing items. As of the date of this agreement, the following estimated fees may apply: \$250 for the full device, \$100 for a damaged screen, \$65 for keyboard/touchpad issues, \$25 for a lost or damaged charger, and \$15 for a missing or damaged case. These charges are subject to change at the discretion of the District.

All use of the device is subject to monitoring by the District. Students should have no expectation of privacy regarding any content or activity conducted on the device, whether on or off campus. Misuse, including violation of the Acceptable Use Policy or the Student Code of Conduct, may result in disciplinary action, restricted access, or loss of device privileges.

The Parent/Guardian agrees to take full responsibility for any costs, claims, or damages that may arise from the student’s improper use of the device or failure to follow District policies, procedures, or applicable laws. Gainesville ISD and its employees will not be held liable for any loss, damage, or legal issues caused by the student’s actions while using the assigned device.
