Tangipahoa Parish School Board Members

Re: Budget Message for the 2025-2026  
Operating Budget

To the Board Members and Citizens of  
Tangipahoa Parish, Louisiana:

The budget of the Tangipahoa Parish School System for the fiscal year July 1, 2025 through June 30, 2026, is hereby submitted. This budget presents the School System's dollars and cents plan for the types and amounts of proposed expenditures, the purposes for which they are to be made, and the proposed means of financing them.

### **Budget Presentation**

The elected school board members of Tangipahoa Parish will be asked to approve the 2025-2026 Operating Budget on September 9, 2025 at its regular School Board Meeting. The proposed resolution begins on page xxi.

A Public Hearing on the budget will be held on September 9, 2025, to receive comments and recommendations from the public on this proposed budget before the budget resolution is approved by the School Board.

Revenue and expenditure items were examined within the context of the Board's mission, goals, and financial policies for the 2025-2026 Governmental Fund Budgets (the General Fund, Special Revenue Fund, Debt Service Fund, and Capital Projects Fund). Information on each of the fund budgets is provided within the budget document. The opportunity to provide operational plans and their related financial impact is welcomed. Educational improvements for the students of the Tangipahoa Parish School System result when there is interaction among interest groups.

The budget document and the year-end Annual Comprehensive Financial Report (ACFR) are the primary vehicles to present the financial plan and the results of operations of the School System.

Sound financial management - including thoughtful budgeting, appropriate accounting, and meaningful financial reporting - is fundamentally important in governmental organizations. As a result, our most important concern in the presentation of this budget document is to improve the quality of information to our community concerning the educational programs and services for the 2025-2026 fiscal year.

### **Educational Goals and Objectives**

The focus of the Tangipahoa Parish Public Schools is on the learner, the student. The student's educational development towards the school's goals is the central concern of the Board's policies and the administrative regulations. The teacher is a key figure in carrying out the school's responsibility in the educational process. However, the teacher alone cannot effectively achieve all the objectives of education.

## **TANGIPAHOA PARISH SCHOOL SYSTEM**

### **Fiscal Year 2025-2026**

The purpose of the various administrative departments is to provide conditions in the schools, which permit teachers to work with maximum effectiveness and to provide them with a variety of tools and specialized assistance in developing and carrying out a program, which will meet the needs of our students. The Board will seek to provide the facilities, personnel, equipment, and materials necessary for the education of all students for whom it is responsible.

Tangipahoa Parish School System's Eight Critical Educational Goals for Students are:

1. Students enter kindergarten ready.
2. Students will achieve mastery level on third grade assessments and enter fourth grade prepared for grade-level content.
3. Students will achieve mastery level on eighth grade assessments and enter ninth grade prepared for grade-level content.
4. Students will graduate on time.
5. Students will graduate with a college and/or career credential.
6. Students will graduate eligible for the TOPS Scholarship Award.
7. Students will increase instructional time through a strong attendance record and more time in the classroom.
8. Students with disabilities and students of color will increase in attaining mastery or above on the state assessments.

The Educational Priorities in the School System's Strategic Plan 2021-2025 are:

1. Implement Tier I curriculum and assessments as intended with an emphasis on content and instructional expertise in teachers and school leaders.
2. Build a positive school culture that supports student well-being.
3. Strengthen communication and relationships between the central office, schools, and families.
4. Recruit and retain a diverse team of highly effective teachers and leaders.
5. Strengthen effective and sustainable staffing, operations, and budgets that align resources to strategy and program effectiveness.
6. Create a comprehensive turnaround model for schools in need of intensive support.

### **Budget Process and Significant Changes**

The annual operating budget is the plan for current expenditures and the proposed means of financing them. This comprehensive budget is the primary means by which most of the financing, acquisition, spending, and service delivery activities of a government are legally controlled.

Preparing the budget is a complex undertaking involving the entire administrative staff. The budget process includes five phases (planning, preparation, adoption, implementation, and evaluation), which insure adequate administration and control over all school board funds. To comply with the budget policies, a budget adoption timeline is prepared. The timeline establishes essential deadlines for submitting information to the business office. Approximately three months prior to the formal approval of the budget by the board, memoranda is sent from the business office to supervisors, directors, and coordinators seeking estimates and recommendations for items to be placed in the budget. Necessary forms and revisions to the budget manual are transmitted with the letter. A deadline is set for the submission of all estimates and recommendations to the business office.

## TANGIPAHOA PARISH SCHOOL SYSTEM

### Fiscal Year 2025-2026

After the business office completes a compilation of the budget, a copy is sent to the Superintendent for review and revisions. Once all final revisions have been made, electronic copies of the budgets are sent to board members for their review and hardcopies are provided. The budget is also presented to the Finance Committee for review and/or revisions at this time. As required by law, the business office sends a public notice to the local newspaper for publishing. The public notice states that the budget is available for public inspection at least 15 days prior to the date of adoption by the board. Then the budget is presented to the board for a public hearing and final adoption.

The development of the 2025-2026 Operating Budget was an effort of the Superintendent and Management.

### **Basis of Budgeting**

The term “*basis of budgeting*” is used to describe when events or transactions are recorded and recognized. The governing body can choose the basis on which its annual budget will be prepared, adopted, and reported upon. Governments may budget their governmental funds on the Modified Accrual (GAAP) basis, or the Accrual Basis. In the Modified Accrual Basis, revenues are recognized in the period when they become available and measurable and expenditures when the liability is incurred. In the Accrual Basis, revenues are recorded when earned, and expenditures when the liability is incurred. The Tangipahoa Parish School System uses the Modified Accrual Basis. Budgets are prepared on the same basis as what is presented in the audited financial statements and in accordance with *Generally Accepted Accounting Principles* (GAAP). The basis of budgeting for each fund is:

<b><u>Governmental Funds</u></b>	<b><u>Operating Budget</u></b>	<b><u>Audited Financial Statements</u></b>
General Fund	Modified Accrual	Modified Accrual
Special Revenue Funds	Modified Accrual	Modified Accrual
Debt Service Funds	Modified Accrual	Modified Accrual
Capital Projects Funds	Modified Accrual	Modified Accrual

In developing the budget for the fiscal year 2025-2026, the administrative staff followed these assumptions:

### **General Fund**

1. Budget General Fund MFP at \$131,857,531, which includes a reduction for local cost allocations due to other LEAS and Child Nutrition's required minimum funding. This MFP Funding Level is \$1,638,073 more than the 2024-2025 Revised Budget.
2. Anticipate that the 2025-2026 first 1-cent sales tax revenues dedicated to the General Fund will increase \$8,500,000 compared to the 2024-2025 Revised Budget and the second 1-cent sales tax revenues allocated to the General Fund will also increase \$17,515,000 compared to the 2024-2025 Revised Budget.
3. Budget an increase of \$363,212 in Ad Valorem Tax Revenue over 2024-2025 Revised Budget.

## **TANGIPAHOA PARISH SCHOOL SYSTEM**

### **Fiscal Year 2025-2026**

4. Budgeted expenditures include a step raise for all eligible employees.
5. Budgeted expenditures include an increase in active and retiree health insurance.
6. Budgeted expenditures include a Teachers Retirement System, School Employees Retirement System, Optional Retirement System, and a Louisiana State Retirement System rate decrease.
7. General Fund includes an operating transfer of \$450,000 for expenditures for Hammond Magnet School sites exceeding the Hammond Magnet tax proceeds.
8. General Fund budget includes \$1,314,240 for Magnet School expenditures for sites other than in the Hammond area.
9. Use the employer's contribution rates for the Teachers' Retirement System at 20.95% and School Employees Retirement System at 22.0%.
10. Use applicable Workers' Compensation rates of 2.150% or 7.750%.
11. Use a restricted indirect cost rate of 6.5981% and unrestricted rate of 17.8312%.

#### Special Revenue Fund

1. The Educational Facilities Improvement District (EFID) includes one-half cent sales tax transactions supporting raises to all TPSS employees. Estimated collections and cost of raises are budgeted at \$15,625,000. Increases to Salaries and Benefits are reported in the General Fund section.
2. Various changes to other funds and grants are due to grants ending and new grants being received.

#### Debt Service Fund

1. Budgeted \$1.52M for required annual funding on the 2021 Sales Tax Bonds for financing Phase 1 Construction Projects.

#### Capital Project Fund

1. Budgeted \$11.0M of second 1-cent Sales Tax proceeds in the Capital Project Fund, which is \$2,215,000 than the 2024-2025 Revised Budget.
2. Established separate Capital Project Funds for each Phase 1 and Phase 2 Construction Projects to record construction costs and related funding transfers from Total Phase 1 Financing Fund.

### **Funds and Fund Types**

A fund is a grouping of related accounts that is used to maintain control over resources that have been

## **TANGIPAHOA PARISH SCHOOL SYSTEM**

### **Fiscal Year 2025-2026**

segregated for specific activities or objectives. The School System, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the School System can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds. The School System adopts an annual appropriated budget for its General Fund, each individual Special Revenue Fund, as well as each individual Capital Project and Debt Service Funds. The School System maintains 52 individual governmental funds.

#### **Summary of Revenues Received**

Projecting the amount of revenue that will be collected from various sources is one of the most important tasks of the budget process, yet also one of the most difficult. Since revenue projections, like other forecasts of the future, are almost never 100% accurate, the overall goal is to make conservative projections that underestimate rather than overestimate the amount of revenues that will be available. Revenues are considered and projected separately, with more time and analysis given to major rather than minor sources of revenue.

As shown in the pie chart above and the following table, MFP, Sales & Use Taxes, and Property Tax revenues represent 76.9% of the budget. A brief discussion of the top sources is also included.

## TANGIPAHOA PARISH SCHOOL SYSTEM Fiscal Year 2025-2026

Revenue Source	General Fund	Special Revenue Funds	Debt Service Funds	Capital Project Funds	Total Sources	Percent Of Total
<b>MFP</b>	\$131,857,531	\$160,000	\$0	\$0	\$132,017,531	42.2%

### Minimum Foundation Program (MFP)

The Minimum Foundation Program is the **largest source** of revenue received. This is approximately 42.2% of total revenues or \$132.0 million. It is based on a formula adopted by the Louisiana Board of Elementary and Secondary Education and approved by the Louisiana Legislature.

This formula determines the State's cost of educating students in Louisiana and helps to equitably allocate funds to parish, city school systems and charter schools. The MFP revenue for 2025-2026 is budgeted to decrease \$148,055 over the 2024-2025 Revised Budget.

The actual revenue for the last three years and the budgeted revenue for 2024-2025 and 2025-2026 are shown in the bar chart to the right, net of a reduction for local cost allocations due to other LEAs. Supplemental Course Allocations (SCA) and Career Development Funds (CDF) allocations of \$1,844,871, \$2,036,070, \$1,931,764, \$1,549,018 and \$1,297,739 are included for 2021-2022, 2022-2023 and 2023-2024, 2024-2025 and 2025-2026, respectively.

### Sales & Use Taxes

Sales & Use Tax revenues are the **third largest source** of revenue for the Tangipahoa Parish School System. This is a tax upon the sale and consumption of goods and services within the parish and is approximately 31.7% of the total revenues received or \$99,226,000. Sales & Use Tax Revenues are deposited into the General Fund, Special Revenue Fund, Debt Service Fund, and the Capital Projects Fund.

## TANGIPAHOA PARISH SCHOOL SYSTEM Fiscal Year 2025-2026

### Property Taxes

Property taxes are another source of revenue for the Board and accounts for approximately 3.2% of total revenues. The amount received is calculated by multiplying the Taxable Assessed Value of property by the number of mills. The number of mills is approved by the School Board annually, subject to the limitations approved by the voters and the Louisiana Legislature.

Property Tax collections are projected to be higher in 2025-2026. The General Fund will receive 36.8%, the Special Revenue Fund 63.2% and the Debt Service Fund 0.0% of the budgeted property tax collections. Monies deposited into the General Fund are used for salaries, benefits, and other operating expenditures. Property taxes deposited into the Special Revenue Fund are used to fund the Hammond Consolidated District No. 1 programs. The property tax revenues deposited into the Debt Service Fund are used to pay off long-term debt, which were sold for building new schools. The actual revenue for the last three years and the budget revenue for 2024-2025 and 2025-2026 are shown in the bar chart to the right.

### Summary of Budgeted Expenditures

Expenditures	General Fund	Special Revenue Funds	Debt Service Funds	Capital Project Funds	Total	Percent Of Total

The preceding table and the pie chart on the next page show Total Expenditures are expected to exceed \$318 million in 2025-2026.

## TANGIPAHOA PARISH SCHOOL SYSTEM Fiscal Year 2025-2026

Some interesting facts can be seen by looking at the preceding table. For example, Salaries and Benefits are only paid with General and Special Revenue Funds and cannot be paid with Debt Service Funds. Principal and Interest Payments are only made with General Fund and Debt Service Funds.

To achieve the overall goals and objectives for the 2025-2026 school year, instructional programs receive the majority of the allocated funds. The largest expenditure in education is for salaries and benefits. Of the total governmental funds budget of \$318 million, \$228 million is dedicated to this category. Materials, supplies, and equipment comprise an additional \$30 million. The remaining portions are committed to paying debt principal and interest, utilities, and other administrative costs.

### Fund Balance and/or Reserves

The following graph summarizes the 2024-2025 and 2025-2026 ending fund balances for the General Fund, Special Revenue Fund, Debt Service Fund, and Capital Projects Fund. Please note the Debt Service Fund Balance decrease for 2025-2026 is due to the QSCB Bond's payment.

**TANGIPAHOA PARISH SCHOOL SYSTEM**  
**Fiscal Year 2025-2026**

**Analysis of Proposed Budgets**

**General Fund**

The General Fund is used to account for all financial resources except for those required to be accounted for in another fund. The General Fund is the chief reporting vehicle for current operations and is supported primarily by local taxes and state entitlements.

**Resources to Support Operations**

Programs and services included in the General Fund Budget are primarily supported by state and local sources of revenue. A comparison of revenue sources to support operations for the current and proposed General Fund budgets follows.

REVENUE SOURCES	BUDGET 2024-2025	BUDGET 2025-2026	PERCENT CHANGE
Local Sources	\$48,831,025	\$69,781,369	42.9%
State Sources	139,576,479	139,407,219	-0.1%
Federal Sources	178,866	160,985	-10.0%
<b>Total General Fund Revenue</b>	<b>\$188,586,370</b>	<b>\$209,349,573</b>	<b>11.0%</b>

Budgeted revenues will increase \$20,763,203 or 9.9%, and budgeted expenditures will decrease by \$4,382,269, or 2.0%. The increase in revenues is primarily due to an increase in MFP. The decrease in expenditures is primarily due to a decrease in purchased services.

The graph on the following page represents the various sources of revenue included in the proposed budget to support General Fund operations for the 2025-2026 fiscal year.

## TANGIPAHOA PARISH SCHOOL SYSTEM Fiscal Year 2025-2026

The largest state revenue is from the Minimum Foundation Program (MFP). The MFP funds per pupil for the last ten years, calculated using gross MFP funds including required Child Nutrition Program minimum funding, Supplemental Course Allocations (SCA), Career Development Funds (CDF) and High Cost allocations, are shown below.

## **TANGIPAHOA PARISH SCHOOL SYSTEM**

### **Fiscal Year 2025-2026**

Local sales tax collections are another very important source of revenue. The school system collects two one-cent sales taxes. The first one-cent sales tax, approved in 1966 as a permanent State Constitutional Tax, is dedicated to support general fund expenditures, including salaries and benefits for personnel. In previous years, the second one-cent sales tax was restricted to paying debt, supporting the maintenance fund, and contributing to the pay-as-you-go (capital projects) fund. However, in the May 4, 2013 election, voters elected to rededicate a portion of these funds to operate schools. Originally approved in 1982, this tax was renewed by voters on July 21, 2007, extending its expiration to the year 2042.

On April 24, 2021 voters in Tangipahoa Parish approved the levy of a 1/2 cent Sales Tax starting on July 1, 2021 for a period of 15 years upon the sale at retail, the use, the lease or rental, the consumption, and the storage for use or consumption of tangible personal property and on sales of service in the District. This 1/2 cent Sales Tax will be used in providing additional salaries and benefits to teachers and support workers of the Tangipahoa Parish School System.

The 2025-2026 General Fund budget for the first 1-cent sales tax revenue is expected to increase \$8,500,000 compared to the 2024-2025 Revised Budget and the second 1-cent sales tax revenues allocated to the General Fund is also expected to increase \$17,515,000 compared to the 2024-2025 Revised Budget.

### **Expenditures**

Budgeted expenditures for salaries are less for 2025-2026 because decreased positions. Additionally, benefits for the 2025-2026 fiscal year are more than last year because of increased OPEB rates and purchased services also decreased. For the 2025-2026 fiscal year, salaries and fringe benefits are budgeted to consume 87.3% of the expenditures in the General (Operating) Fund.

A summary schedule of General Fund operating expenditures by object (expenditure category) is as follows:

OBJECT	BUDGET 2024-2025	BUDGET 2025-2026	PERCENT CHANGE
Salaries	\$127,276,771	\$124,549,537	-2.1%

### General Fund Expenditures By Object

The following graphs provide a comparison of expenditures by object (expenditure category) for the current and proposed General Fund Budgets in terms of the percentage of total budgets.

#### Comparison of Total Expenditures of Current and Proposed Budgets

Tangipahoa Parish places an emphasis on instruction with 81% of all expenditures for the 2025-2026 fiscal year directed to the classroom. The following graph shows the total General Fund actual expenditures per student for fiscal years 2016-2017 through 2023-2024 and budgeted expenditures per student for 2024-2025 and 2025-2026.

#### Special Revenue Fund

The Special Revenue Fund accounts for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes. A total of fifty-two individual funds comprise this type of governmental fund. The most notable funds in this category are Educational Facilities Improvement District, Child Nutrition, Title I, Special Education, and Maintenance.

The TPSS Child Nutrition accounts for the activities each school day that are related to the preparation and service of nutritionally balanced, low-cost, and/or free breakfast and lunch meals to feed students and staff. The CEP program for Child Nutrition was approved for all students to receive free meals starting with the 2017-2018 fiscal year. This program was renewed for four additional years through the 2025-2026 fiscal year.

Title I is a federally funded program. These funds are used to improve student achievement in all subjects improving skills in reading, language arts, and math for children from low-income families

It is estimated that budgeted revenues will be \$88,083,026 and expenditures will be \$74,121,053. Projected revenues and expenditures are decreasing primarily due to the funding for Pandemic Relief ending in 2024-2025.

Federal funding is a major source of revenue for the Tangipahoa Parish School System's Special Revenue Funds. Approximately \$48.8 million is budgeted annually for 31 of these type funds, which are legally restricted for specified purposes.

#### Debt Service Fund

The Debt Service Fund is used to accumulate monies for the payment of outstanding bond issues. All principal and interest requirements are funded in accordance with Louisiana law by the annual tax levy on taxable property within the parish-taxing district or by allocation of local sales and use tax collected within the parish-taxing district. This section includes changes related to financing for Phase 2 Construction projects. A Phase 1 Sinking Fund was set up per bond requirements to receive monthly payments accumulating to the interest amounts due in 2025-2026.

On June 30, 2025, the School System had accumulated \$15,919,791 in Debt Service Funds for future bonded debt requirements. The Tangipahoa Parish School System is legally restricted from incurring long-term debt financed through property taxes in excess of 35% of the assessed value of taxable property. A breakdown for each district is listed in the Debt Service Fund section of this budget.

Principal payments of \$15,040,000 and interest payments of \$832,420 in 2025-2026 decreased the bonded debt to \$39,414,420 as of June 30, 2025.

As shown in the chart below, estimated principal payments of \$15,040,000 and estimated interest payments of \$832,420 will be made in 2025-2026, which will reduce the total bonded debt to \$39,414,420 as of June 30, 2026.

The school board has made credit rating on debt a top priority and has not defaulted on any bond issues in the 20<sup>th</sup> and 21<sup>st</sup> centuries. All principal and interest payments on property tax and sales tax bond issues are up to date. The huge increase in 2025-2026 is due to having to pay the full principal amount of the QSCB bonds when the bond is due.

LOCAL REVENUES  
Fiscal Year 2025-2026**

**Major Local Revenue Assumptions and Estimates**

- \* The 1974 Louisiana Constitution provided that, beginning in 1978, all land and residential property are to be assessed at 10% of fair market value; agricultural, horticultural, marshlands, timber lands and certain historic buildings are to be assessed at 10% of "use" value; and all other property is to be assessed at 15% are of fair market value. Fair market values are determined by the elected assessor of the parish and are subject to review and final certification by the Louisiana Tax Commission. After 1978, the assessor is required to reappraise all property every four years. The School System is permitted by constitutional and statutory authority of the State to levy taxes up to \$4.06 per \$1,000 of assessed valuation for operations other than the payment of principal and interest on long-term debt.
  
- \* Sales and Use Taxes - This is the second largest source of revenue for the General Fund. This is a tax on the sale at retail, the use, the lease or rental, the consumption, and the storage for use or consumption, of tangible personal property and on sales of services as defined by law. Estimates are received from the Sales and Use Tax Department.
  
- \* 1% Collections by Sheriff - Monies collected by the Sheriff on all ad valorem taxes collected by all taxing bodies (i.e. city, police jury, fire district, etc.). The Sheriff remits this tax directly to the Teacher's Retirement System of Louisiana.
  
- \* Interest on Investments and Checking Accounts - Revenue on temporary or permanent investments in interest bearing checking accounts, LAMP, time certificates of deposit, money market accounts and other interest bearing investments.

STATE REVENUES  
Fiscal Year 2025-2026**

**Major State Revenue Assumptions and Estimates**

- \* Minimum Foundation Program (MFP) - This is the single largest source of revenue for the General Fund. It is based on a formula adopted by the State Board of Elementary and Secondary Education (BESE) and approved by the Louisiana Legislature. This formula determines the cost of a minimum foundation program of education in all public elementary and secondary schools and helps to equitably allocate funds to parish, city and charter school systems.
  
- \* Revenue Sharing - The State of Louisiana exempts homeowners from paying property taxes on homes valued below \$75,000. As a result of this exemption, the System is expected to lose revenues which cannot be collected. State Revenue Sharing funds give a portion of this loss back to System. Based on past receipts, it is expected that 20% of the lost revenue will be returned by the State.
  
- \* PIP and PIP Retirement Contributions - In the mid 1980s, the State of Louisiana approved a Professional Improvement Program (PIP) with all teaching personnel. Additional salary was given to all educators who went back to school to get additional training. Completion of this 5 year program allowed teachers to receive this compensation throughout their entire career.

<b>Fund Balance Description</b>
<p>Resources remaining from prior years which are available to be budgeted in the current year are called the Fund Balance. The Board has adopted a policy of maintaining a minimum ending fund balance of 7% of total expenditures. The designation of the fund balance indicates tentative plans for financial resource utilization in future periods. It is as follows:</p> <ul style="list-style-type: none"><li>* Unassigned Fund Balance - This reserve is not designated for any specific purpose.</li><li>* Committed for Disaster Emergencies - this reserve is set up to aid in future years' disaster emergencies, such as hurricanes.</li></ul> <p>Due to recent years' increased frequency of disaster events, the reserve amount has been increased.</p> <ul style="list-style-type: none"><li>* Committed for OPEB (GASB 45) - this reserve is set up to aid in future years' unfunded increase in insurance and retirement.</li></ul>

ARTS COUNCIL OF BR - S0001  
Fiscal Year 2025 - 2026**

**Arts Council of BR Description**

The Talented Theatre programs under the direction of Charley Vance, at Amite and Sumner high schools is funded by grants from the state, non-profit organizations and local businesses. Three 30 minute movies about social problems facing students are produced. The movies are shown in the schools as teaching tools. The movies are posted on the school system's School Tube link on the internet and they are shown on a local cable channel. The 2012-2013 school year marks the 14th year Mr. Vance's students have created movies. The project has received five national awards.

**Arts Council of BR Goals**

The students involved in the movie project create stories and develop the plots for the movies through screen-treatment sessions. The learn how to create a movie from empty page to final project. Also, the students learn on-camera acting skills. As stated above, the movies are shown in the schools as teaching tools, posted on the internet via the system's School Tube link and broadcast on local access cable channel. More important , the students, through this creative challenge, develop their self-esteem and self-confidence.

<b>Magnet Description</b>				
<p>The Pioneer Project MSAP Grant is designed for the establishment of three STEAM Magnet Schools and an Advanced College and Career Center (ACCMC), as required by the Unitary Consent Agreement approved by Judge Ivan Lemelle to expand our magnet programs in Tangipahoa Parish. The funds are provided from a MSAP grant through the US Department of Education, which provides 15 million dollars over a period of five years. The Final Consent Agreement addressed desegregation efforts, including provisions for magnet schools.</p>				
<b>Magnet Goals</b>				
<p>The program aims to provide students at OW Dillon Leadership Academy, Amite Westside Middle Magnet, and Amite High Magnet School with a challenging curriculum in Science, Technology, Engineering, Art, and Mathematics (STEAM), along with the necessary technology and materials for effective implementation. It also funds opportunities for all 11th and 12th grade students in the Tangipahoa Parish School System to participate in Dual Enrollment, credentialing, and career courses at the ACCMC. The fund supports staffing at each site and across the district, while also covering a range of educational expenses to help ensure the the overall success of the initiative.</p>

<b>Purpose of Debt Service Funds</b>					
<p>Debt Service Funds are used to accumulate monies to pay outstanding bonds issues. Bonds were issued by individual school districts created by the Board. There are eight (8) school taxing districts as well as a parish-wide sales tax located within the parish. Bonds were issued by the respective school districts to acquire land for building sites, erect and improve school buildings, and acquire the necessary equipment and furnishings. The bond issues are financed by a special property tax levy on property within the respective school districts and/or an allocation of sales and use tax collected.</p> <p>*Please Note - 2025-2026 Ending Fund Balance includes an estimated restricted amount of \$15.8 million that is held in a sinking fund account set aside to pay off the principal portion of out QSCB Bonds in 2025-2026 as it relates to the construction of the new O.W. Dillon School.</p>

**Most Important Features**

- 1** Because major capital projects are funded by selling General Obligation (G\O) Bonds, it is important to know that Louisiana law limits the amount of bonds that can be sold. The additional G\O Bonds that could be sold in each school district as of July 1, 2025 is listed below. Note: This would require voter approval. These two district bonds are fully paid off.

	Statutory Limit	
District No. 39A - Independence	0	0
Consolidated District No. 116 - Sumner	0	0
	0	0

- 2** The taxpayer is assured that the millage levy will be at its lowest possible levy, and the school system is assured that sufficient funds will be available in reserve for the next semiannual debt service payments. (See chart below)

	Projected Reserve at <u>6/30/2025</u>	Principal and Interest due <u>2025-2026</u>	Percent of Reserve to P & I <u>payments</u>

Consolidated District No. 116 - Sumner	0	0	0%

- 3** Property tax millages are expected to increase/decrease in the following districts:

**Long-term Debt Summary Schedule at July 1, 2025**

The System has outstanding general obligation bonds, sales tax bonds, revenue bonds, and/or certificates of indebtedness in the school taxing districts as shown below. The retirement of these bonds, both principal and interest, is funded in accordance with Louisiana law by the annual ad valorem tax levy on taxable property within each school district of the parish and a sales tax.

**Bond Ratings by School District**

Bonds issued by the Tangipahoa Parish School system are rated by an independent ratings firm. Ratings provide the investor and others with an informed opinion of the creditworthiness of a particular issue. Ratings do not establish interest rates, but higher ratings normally translate into lower costs to the taxpayer.

Bonds sold by the Tangipahoa Parish School System are rated by either Moody's or Standard & Poor's. Each rating firm is independent of any investment banking firm or similar organization, and does not engage in trading or underwriting activities. Moody's and Standard & Poor's mission is to provide objective, insightful risk analysis and evaluation. Rating decisions are based, in varying degrees, on the following

1. likelihood of default: capacity and willingness of the obligator to observe the timely payment of interest and repayment of principal in accordance with the terms of the obligation;
2. nature of provisions in the obligation; and
3. protection afforded by, and relative position of, the obligation in the event of bankruptcy, reorganization, or other arrangement under the laws of bankruptcy and other laws affecting creditor's rights.

Standard & Poor's has rated the Tangipahoa Parish School System bonds and are listed below by district.

CONSOLIDATED SCHOOL DISTRICT NO. 116 - SUMNER - 733  
2012 G/O Refunding School Improvement Bonds**

**Background, History and Miscellaneous Information**

Voters in School District No. 116 approved a proposition to incur debt and issue bonds to run twenty years for the main purpose of improving lands for building sites; purchasing, erecting and/or improving school buildings and other school equipment and furnishings therefor, title to which shall be in the public, more specifically to provide capital funds for land, buildings, facilities, equipment and furnishings.

	<u>1993 \$1,350,000</u>		<u>2003 \$3,400,000</u>	
In Favor of the Proposition	499	77.6%	389	79.7%
Against the Proposition	<u>144</u>	22.4%	<u>99</u>	20.3%
Total Votes	643		488	

The 2003 Issue was refinanced in 2012.

The amount of general obligation bonds that can be sold by the School System is limited by Louisiana law and is shown in the chart below titled "Computation of Legal Debt Limit."

Each fiscal year the School System approves a millage rate on all property subject to taxation to make the principal and interest payments falling due. As shown in the chart on the opposite page titled "Estimated Millage Required to Retire the Bonds," a millage rate (per \$1,000 of assessed values) of 0.00 would be required to service the general obligation bonds of School District No. 116. This is obtained by dividing the Debt Service Taxes by the approximate dollar amount to be received from one mill of tax.

SCHOOL DISTRICT NO. 39A - INDEPENDENCE - 735  
2012 Refunding G\O Bonds**

**Background, History and Miscellaneous Information**

Voters in School District 39A approved a proposition to incur debt and issue bonds totaling \$3,200,000 to run twenty years for the main purpose of paying the cost of acquiring land within said district and paying a portion of the cost of renovating, constructing and acquiring additions and improvements to Independence Middle School, together with other school related facilities, and equipment and furnishings therefor.

The vote was as follows:

In Favor of the Proposition	509	75.6%
Against the Proposition	<u>164</u>	24.4%
Total Votes	673	

The amount of general obligation bonds that can be sold by the School System is limited by Louisiana law and is shown in the chart below titled "Computation of Legal Debt Limit."

The 2004 issue was refinanced in 2012.

Each fiscal year the School System approves a millage rate on all property subject to taxation to make the principal and interest payments falling due. As shown in the chart on the opposite page titled "Estimated Millage Required to Retire the Bonds," a millage rate (per \$1,000 of assessed values) of 0.00 would be required to service the general obligation bonds of School District No. 39A. This is obtained by dividing the Debt Service Taxes by the approximate dollar amount to be received from one mill of tax.
