District Testing Calendar 2025-2026

Districtwide local assessments provide individual, teacher, grade-level, and school data contributing to data-driven academic decisions. District tests will be shared with parents at conferences in the fall (October—Elementary/ November—High School) and winter (February—Elementary/ March—High School). Spring data will be shared in May.

Statewide local assessments are given per state testing windows. Results are shared the following fall at the beginning of the school year.
