Why join Mayfield's PTA?

1. BENEFITS YOUR CHILD

If you became a member, you would help us provide our programs and events for the students and improvements to different departments of our school. Research shows that children perform better when parents and caregivers are involved both at home and at school. Membership does not require volunteering!

2. BENEFITS YOUR TEACHERS

Mayfield PTA provides support for administrators, teachers and staff. The PTA strives to create a positive and caring atmosphere at school. We host Teacher Appreciation events such as the Christmas Luncheon, Teacher Appreciation Week, and provide extra supplies to different departments and classrooms.

3. BENEFITS YOU

Get connected. PTA involvement helps you stay connected with the school and know what's happening. Joining the PTA connects you to other parents, teachers, students, and staff, building a positive sense of community.
