

Student Clubs *and* Activities

THE
BRYN MAWR
SCHOOL

Welcome to Clubs at Bryn Mawr! These play an important role in school life, providing leadership opportunities and serving as a way to get involved with a cause, form friendships, nurture passions or just relax after classes. With **more than 60 Upper School clubs**, there is something to cater to nearly every interest. If students are looking for a club that does not exist yet, they can always start a new one! Clubs meet weekly or every other week during the school day before sports. The club schedule is designed to allow students to be involved in multiple organizations. Following the Club Fair in mid-September, students are encouraged to try out a number of different clubs in order to find those that best fit their interests, or perhaps those that awaken new interests.
