Insurance Coverage for Student Devices

iPads (Grades K-6 and 9-12)

2025-2026

Every student in grades K-6 and 9-12 has the option to purchase device insurance for their school issued iPad. The cost of this insurance is $15 annually. Payment must be made by September 19, 2025 to have insurance coverage. Payment can be made by selecting “Pay for Student Fees” at the following link: https://payments.efundsforschools.com/v3/districts/56680/confirm-guest

Below you will find the terms of the insurance agreement:

- This agreement does not cover stolen devices, misuse, abuse, or intentional damage. An investigation will be made by the building administration to determine the cost of damage.
- This agreement is intended to cover catastrophic damage to the iPad to protect the student from having to pay for full replacement.
- Habitual damages are not covered under this policy. Insurance is designed to cover no more than **one** major incident. Multiple major incidents will be reviewed by the administration.

Examples of common iPad damages:

Damage	Student Cost (with Insurance)	Student Cost (w/out Insurance)
Lost or Damaged Charger Block	**$15**	**$15**
Lost or Damaged Charger Cable	**$15**	**$15**
