INTRODUCTION AND PURPOSE

The purpose of this Purchasing Manual is to assist all school district employees with the proper purchasing practices to be in full compliance with:

- New Jersey Public School Contracts Law--N.J.S.A. 18A:18A-1 et seq.;
- New Jersey Administrative Code--N.J.A.C. 5:34-1 et seq.;
- Board of Education Policy;

- Local Finance Notices – NJ Division of Local Government Services; and
- Other laws and administrative code when applicable.

The Purchasing Manual is designed to achieve three (3) goals:

1. Compliance with the law, code and board policy on purchasing;
2. Promote efficiency in the purchasing practices; and
3. Achieve savings of money through proper purchasing practices.

Proper Planning

We ask you, the user of the purchasing system, to help achieve these goals through proper planning. Please allow yourself enough leeway between generating a purchase order and the actual date materials or services are needed. **Please consider purchasing in terms of a full year.** What items and services do you need on an annual basis? Through proper planning, we can eliminate much of the frustration that is encountered with all public school purchasing procedures.

Who Should Review this Manual?

This manual should be reviewed with all administrators, department heads, teachers, secretaries, and others who are involved in the purchasing process. It is imperative that everyone adhere to all purchasing laws and guidelines. If you have any questions concerning the following guidelines, please do not hesitate to call Ms. Patti McGill, Purchasing Specialist, at extension 5011.

- Are the goods/services purchased useful for the long term rather than for immediate need?

CONTRACTED SERVICES VENDORS/PROVIDERS

Role of School District

Purchase Order Contract Amount - Not To Be Exceeded!

The contracted services vendor/provider (vendor) receives a purchase order from the School Business Administrator notifying the vendor that services may begin.

The purchase order has a total contract amount. This contract amount may not be exceeded unless authorized by the Board of Education in writing.

Monitoring Contract Amount - District Administrator Responsibility!

The School Business Administrator asks all district administrators to monitor all vendor bills and invoices to ensure they do not exceed the total contract amount. Administrators are asked to contact the School Business Administrator, thirty (30) days in advance, if the total contract amount is close to being exceeded. The School Business Administrator then can begin a process to exceed the purchase order amount pursuant to administrative code.

Exceeding Contract Amount - Unauthorized Service!

If any administrator permits a vendor to exceed the contract amount, the administrator has permitted an unauthorized service, which is similar to an unauthorized purchase. Administrators are asked to monitor the dollar amount of services being provided to the district.

Exceeding Contract Amount - Written Authorization!

Contracted vendors may only exceed the amount on the purchase order when authorized by the School Business Administrator in writing. The authorization will be in the form of a new purchase order being issued to the contractor signed by the School Business Administrator.

All bills and invoices against estimated purchase orders submitted to the Business Office by the vendor will be sent to the appropriate school district administrator/supervisor for review and approval. The Business Office cannot begin the payment process until it receives the invoices signed and approved by the appropriate administrator.
