# Purpose of The Code of Conduct

The Richland One Board of School Commissioners believes that it is the responsibility of students, parents/guardians, and staff to see that students attend school and conduct themselves in an appropriate manner.

The Disciplinary Policy at WJKHS serves three main purposes:

1. To Teach Students to be Responsible Citizens
2. To Allow for Smooth Operation of the School Day
3. To Promote a Healthy Educational Environment

# Purpose of The Code of Conduct

**Rules and regulations are necessary to maintain good order and a good environment at the school**

- Violations of school rules will result in disciplinary against the student which may include, but not limited to, parent contact, afterschool detention, in-school suspension, out-of-school suspension, recommendations for expulsion, and referral to law enforcement
- All students are expected to obey the instructions of all staff members. Disobedience, defiance, or discourtesy toward staff members will not be tolerated and the student involved will be subject to disciplinary action as outlined by the Richland School District One Student Code of Conduct

# Student Classroom Conduct

**Students are to conduct themselves in an orderly, courteous, dignified, and respectful manner.**

- **Be prompt and prepared.** Come on time. Come with needed materials. Come with assignments completed. Respect authority. Listen to authority. Follow directions promptly. Accept responsibility for your behavior.
- **Respect the rights of others.** Use the appropriate voice and language. Listen to speaker. Respect opinion of others. Refrain from harassment.
- **Respect property.** Respect the property of others and your own. Use materials and equipment appropriately.
- **Display a concern for learning.** Remain on task. Allow others to remain on task.
- **Display appropriate social skills.** Display courtesy and tact. Interact with others appropriately. Display appropriate character. Display positive character. Display productive character.

# School Safety and The Standard Response

## Protocols

The benefits of SRP standardizes the vocabulary so all stakeholders can understand the response and status of the event.

For students, this provides continuity of expectations and actions throughout their educational career. For teachers, this becomes a simpler process to train and drill. For communities, it leverages the growing adoption of the protocols from residents of all ages. For first responders, the common vocabulary and protocols establish a greater predictability that persists through the duration of an incident.

People easily understand the practices and can reinforce the protocol. Additionally, this protocol enables rapid response determination when an unforeseen event occurs.
