

RICE CISD

BUSINESS, MARKETING, FINANCE CLASSES

WHY CHOOSE US?

The Business program of study at Rice High School teaches CTE learners how to collect information to determine potential sales of a product or service, valuable computer skills, verbal and non-verbal communication skills and financial literacy. Through this program of study, students will learn the skills necessary to communicate, organize, produce, and budget for themselves and as future employees in the workforce.

OUR SERVICES

Secondary Courses for High School Credit
Level 1 - Principles of Business Information Management (BIM)
Level 2 - BIM II
Level 3 - Business Management
Level 4 - Statistics and Business Decision Making • Career Prep/Speech

ABOUT US

Rice Consolidated leads the way with one of the most comprehensive CTE (Career and Technical Education) departments in the area.
Rice Consolidated offers CTE courses in business, welding, healthcare and more. Rice students learn valuable computer, communication, and workplace skills to set them on a path to success in the workforce. Visit us in person, online or on social media to see the success of our CTE programs.
