

Fulton County Schools Strategic Action Plan

The Strategic Action Plan serves as a road map that provides clarity to specific priorities and actions that will drive student achievement throughout the school year. The plan will help ensure the focus of all stakeholders toward an aligned understanding of the implementation and progress of our school's initiatives. This plan should be presented to and approved by the School Governance Council. School Leadership teams should submit the following Strategic Action Plan to their Zone Superintendent for final approval. It should be posted on the school website upon approval.
