## Notes

\* Includes time for Final Exams.

\*\*The length of each unit is a specific number of days, but it is understood that there is a range of +/- a day. The purpose of the flexibility is to allow teachers the opportunity to plan for the needs of their students and to accommodate re-teaching or review when necessary. If pre-assessment indicates student mastery could be obtained in a shorter number of days, the additional time could be used for extension or carried into the next unit.
