

Wi-Fi *Options*

Low Cost Home Wi-Fi

Affordable Home Internet Service Programs

Access affordable internet for your family through California's **Broadband for All** program.

How to find the right plan for your household:

1. Visit broadbandforall.cdt.ca.gov/affordable-service-programs
2. Enter your zip code.
3. Check the box for "Have a K-12 student or college student in your household" and any other conditions that apply to your household.
4. Review the available offers and select the best option for your family.

Hotspot

Free Portable Hotspot Device

Families can request a portable hotspot device for their student(s) to use at home through the Aeries Portal or by contacting a school counselor, teacher, or librarian.
