

Heidi Beauchamp

Welcome to the 25-26 school year! I am so excited to work with your student this year. When I am not at school I enjoy spending time with my family and getting outside! I love finding small mountain towns and exploring new places. I have a 16 month old daughter who keeps me on my toes and an 11 year old son who keeps me busy with sports. I love being able to break down math concepts and hope that when students leave my classroom they feel successful and ready to persevere through any challenge whether that is in a class or in life.

MY BACKGROUND

- 8 years in Education
- 5 years at West Middle School
- Colorado Mesa University - Bachelor of Science
- About to start my Masters

5 FACTS ABOUT ME
