

PITTSBURGH PUBLIC SCHOOLS

# FUTURE-READY

## FACILITIES PLAN UPDATE

**AUGUST 11, 2025**

### WHAT'S NEW?

#### Continuing to Strengthen School-Community Connections

On July 15, PPS hosted a successful Community Kickback in the East Hills neighborhood, where Families had the opportunity to complete the Future Ready Facilities Plan survey, learn about summer reading programs, and explore job opportunities. PPS staff and community partners were present to answer questions and provide tools to support student success.

During the Summer Leadership Academy, over 100 District leaders joined Dr. Walters and his Leadership Team for a special Community Conversation where participants shared feedback and posed questions about the PPS Future-Ready Facilities Plan.

#### Your Voice Matters: Shaping the Future Together

The Future-Ready Facilities Plan proposes several important changes, including school closures, grade reconfigurations, and adjustments to attendance zones and feeder patterns. These changes have the potential to affect students and families across Pittsburgh.

To ensure every voice is heard, PPS has launched a district-wide survey tailored specifically for students, families, staff, and community members. This survey is a key part of our commitment to transparency and inclusion. The feedback we collect will help shape any future revisions to the plan and will guide implementation efforts if the Board adopts a final proposal.
