Words from the Director Shelly Smith

Our staff enjoyed a much-deserved break during the month of July, but we are now back in the building. I'm pleased to announce that our entire team is returning for the 2025–26 school year!

We are currently making plans and preparing to welcome our returning students in September. In the meantime, we are interviewing new students and are excited to add some young people to our school family. If you know someone who might be looking for a change in their academic environment, we would love the opportunity to share our program with them.

We look forward to being back together next month!

Even though it is summer time, our students can access Centric to do school work. A little effort could make a big difference in the overall progress.
