

# Spanish I-II for Spanish Speakers Syllabus

## Course Description/Goals:

Spanish I-II for Spanish Speakers is specifically designed for students who demonstrate oral language proficiency in the Spanish language. This course provides opportunities for improvement in Spanish literacy in reading and writing through the study of complex grammatical structures, vocabulary, Hispanic culture, and cultural pride and awareness. This course is enhanced with a variety of print, digital, audio, and audiovisual materials to support language development. Students will have the opportunity to progress to Spanish III Honors the following year and continue to advanced levels of language study, if they wish. This course is equivalent to Spanish I and II credit. Students in Spanish I-II for Spanish Speakers are expected to reach a novice high to intermediate low of language proficiency at completion of study.

## Course TEKS/Objectives:

[High School LOTE TEKS](#)

## Course Outline:

Semester 1	Semester 2
<ul style="list-style-type: none"><li>-Solving Equations and Inequalities</li><li>-Functions and Models</li><li>-Linear Functions and Features</li><li>-Forms of Linear Equations</li><li>-Systems of Linear Equations</li><li>-Linear Inequalities</li><li>-Exponents, Radicals, and Sequences</li></ul>	<ul style="list-style-type: none"><li>-Exponential Functions</li><li>-Polynomial Operations</li><li>-Factoring Polynomials</li><li>-Attributes of Quadratics</li><li>-Solving Quadratics</li><li>-Using Algebra in Geometry</li></ul>
