

Your Guide to the Lunch Line

Delicious & Nutritious!

How to Choose a Reimbursable Lunch in Elementary School

What is a Reimbursable Lunch?

What are the Goals of the National School Lunch Program?

- Safeguard the health & well being of the nation's children
- Encourage domestic consumption of nutritious agricultural foods
- Give children an understanding of the relationship between proper eating habits & good health

- The National School Lunch Program allows schools to receive money & foods from the U.S. Department of Agriculture (USDA) for each meal served.
- To receive these benefits schools must serve lunches meeting Federal requirements regarding nutrient content and portion sizes.
- A complete meal, meeting these requirements, allows a school to receive benefits and is referred to as a "reimbursable lunch"

It must include
a fruit or
vegetable!

What Makes Up a Reimbursable Lunch?

5 Possible
Components

5. Milk

3.

Fruit

4.

Vegetable

*Allowed up to 2
servings

1.

2.

Entrée

Comprised of:

- Meat or Meat Alternate
- Grain (bread & pasta count as the grain here)

1. Meat or Meat Alternate (included within the entrée)
2. Grain (included within the entrée)
3. Fruit
4. Vegetable
5. Milk

The 5 Meal
Components

Did You Know?

Elementary school students must take at least 1 serving of a fruit **or** vegetable. However, they may take up to 1 serving of fruit **and** 2 servings of vegetable in a meal for the same price!

A student needs 3 out of 5 components in order for a meal to be reimbursable. 1 of these 3 components must be a fruit or vegetable.

1. Fruit
2. Vegetable
3. Milk

1. Meat Alternate
2. Grain
3. Fruit
4. Vegetable
5. Milk

1. Meat
2. Grain
3. Fruit
4. Vegetable
5. Milk

1. Grain
2. Fruit
3. Milk

All of these are considered a reimbursable lunch!

Why Choose a Reimbursable Meal?

Benefits for Students:

- Students learn how to build a balanced meal, a lifelong skill important for healthy living.
- Research shows when a child's nutritional needs are met, the child is more attentive in class, has better attendance, & fewer disciplinary problems.
- USDA research shows children who participate in National School Lunch Programs eat healthier compared to those who do not participate.
- School districts participating in the National School Lunch Program are required to have a wellness policy which addresses obesity, promotes healthy eating, and encourages physical activity among students.

Benefits for the School:

- The National School Lunch Program provides cash reimbursements, on a per meal basis, to schools providing free & reduced price lunches to eligible children.
- Schools receive USDA commodity foods for each lunch served.

Benefits for Parents:

- School lunch offers parents a convenient way to provide a nutritious lunch for their children at the lowest possible price.
- If all the components of the meal were purchased separately, it would cost \$5.00, but when purchased as a reimbursable meal it is available for \$2.50. This will save you \$12.50 per week. That is over \$400 saved over the whole school year!

Grains

- Grains are made up of carbohydrates, which are an important energy source for the nervous system & red blood cells.
- Soluble fibers, found in grains, have been shown to lower cholesterol levels & blood glucose levels. This reduces the risk of cardiovascular disease & diabetes.
- Insoluble fibers, found in grains allow foods to move through the intestine faster. This can lower the risk of constipation, diverticular disease, & colon cancer.
- Repeated studies have shown whole grains can reduce the risk of stroke, type 2 diabetes, heart disease, as well as improve weight management.

Milk

- Milk is a great source of calcium, which is needed for lifelong healthy bones and teeth.
- Calcium is important for young people because 90% of bone mass is developed by age 17.

The Fantastic Five!

The 5 Components of a Meal Help Build a Strong Body & Mind

Fruits & Vegetables

- Fruits & vegetables provide essential vitamins & minerals, & other nutrients that are important for growth.
- Fruits & vegetables are a good source of fiber which promotes healthy digestion & may help prevent colon cancer.
- Most fruits & vegetables are naturally low in fat & calories & keep you feeling full longer.
- Eating fruits & vegetable has been shown to reduce the risk of certain chronic disease. These diseases include stroke, type 2 diabetes, some types of cancer, & heart disease.

Meat

- Meat is a valuable source of protein. Proteins provide structural support to vital body tissues and structures.
- Proteins also support the immune system.
- Meat & soy are the only foods that contain all 9 essential amino acids the body needs.

Nondiscrimination Statement

In accordance with federal civil rights law and USDA civil rights regulations and policies, the USDA, its agencies, offices, employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the state or local agency that administers the program or contact USDA through the Telecommunications Relay Service at 711 (voice and TTY). Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, [AD-3027](#), found online at [How to File a Program Discrimination Complaint](#) and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by:

1. **Mail:** U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, SW, Mail Stop 9410, Washington, D.C. 20250-9410;
2. **Fax:** (202) 690-7442; or
3. **Email:** program.intake@usda.gov.

USDA is an equal opportunity provider, employer, and lender.
