

Authorization for Sunscreen: Parent Authorization

Parents/guardians may choose to supply their child with **non-aerosol topical sunscreen**, if it is approved by the U.S. Food and Drug Administration. Parents/guardians must complete and submit the following information in order for their child to apply sunscreen during school hours, at a school-sponsored activity, or while under the supervision of school personnel.

- The **school is not responsible for ensuring that the sunscreen is applied** by the student;
- The student has demonstrated that **they are able to self-apply the sunscreen**;
- The **student knows how to properly store and safeguard the product** from other students;
- The sunscreen product is non-aerosol **and FDA approved**.

A school may cancel or restrict the possession, application, or use of a non-aerosol topical sunscreen product by a student if any of the following occurs:

- The student fails to comply with school rules concerning the possession, application, or use of the non-aerosol topical sunscreen product.
- The student shows an unwillingness or inability to safeguard the non-aerosol topical sunscreen product from access by other students.

For younger students in Preschool, we strongly recommend you apply sunscreen to your child in the morning prior to the start of the school day. We always welcome you to send in additional sun protection gear like hats and/or sunglasses, clearly labeled with your child's name.

Sunscreen must be labeled with your child's name and may not be shared with another student. This authorization is good for one calendar school year.

Student's Name: _____ **Date of Birth:** _____

Building: : _____ **Class:** _____

Sunscreen Brand: _____

Parent / Guardian Name (Printed)

Signature of Parent / Guardian

Date Signed

Best Number(s) to be reached

District Nurse Approval _____
