

## Quick Facts about the Conrad School Based Health Center

We are staffed by a Family Nurse Practitioner with prescriptive authority, a Registered Dietician, a Licensed Clinical Social Worker, & Community Health Worker

Our services:

- Sports, school, and camp physicals
- Diagnosis and treatment of illness and injury (for example strep throat, “pink” eye, urinary tract infections, etc. can be diagnosed and a prescription can be given for treatment).
- If medications or treatments are prescribed, a parent/guardian will be called and a treatment plan will be discussed. Prescriptions called into your pharmacy of choice.
- Medical visits (with the exception of reproductive health) are faxed to your primary care provider or doctor’s office to keep continuity of care.
- Vaccines and PPD’s
- Reproductive Health (with parental consent)
- Individual, family & group counseling
- Depression, anxiety & stress management
- Substance abuse assessment and referrals
- Crisis and Suicide intervention
- Nutrition and weight management
- Sports nutrition and meal planning
- Assistance with health insurance, food insecurity, finding medical/dental/specialty care

***There are NEVER copays or out of pocket fees.***

***We DO NOT take the place of your doctor.***

***If you have a Sports Physical with us, you can still see your doctor for your annual exam, because it will not be billed to your insurance.***

***All children enrolled at the school may use the SBHC regardless of income or health care coverage.***
