SUMMER 2025

Wallkill

A PUBLICATION OF THE WALLKILL CENTRAL SCHOOL DISTRICT BOARD OF EDUCATION

Class of 2025 Graduates with Panther Pride

IT WAS A JOYOUS GRADUATION CEREMONY ON JUNE 27, as family and friends gathered around Robert J. Robinson Multipurpose Field to celebrate the Wallkill Senior High School Class of 2025. This group of 203 graduates left an indelible mark on their school and community, which was evident by the heartfelt speeches and resounding applause.

"You were able to fight through the challenges and in turn, you were able to grow," said Superintendent of Schools Kevin Castle of the historic events this year's graduates have already overcome during their lifetime. "Your accomplishments to date have proven to us that you've built the strength and resilience needed to beat the challenges you are currently facing and the unknown challenges you may face in the future."

Several student leaders spoke of the fond memories they have of their school and how grateful they are to the parents, guardians, teachers, and mentors who have guided them.

Principal Brian Masopust said, "The Class of 2025 boasts a little bit of everything," as he described the impressive opportunities that await the graduates, many of whom will be apprenticing in a trade, attending college, or serving in the military. His parting words assured the graduates, "I have every confidence that you'll continue to uplift and improve the world. You are the change that our world awaits."

Welcome Back!

The first day of school for students is Wednesday, September 3, 2025.

Let the learning begin!

Letters from Our Leadership - Present & Future

Dear Community...

We are very excited to welcome our students, faculty, and staff back for the 2025-2026 school year. As a reminder, September 2nd is Superintendent's Conference Day and September 3rd is the first day of school for our students.

In May, the community overwhelmingly supported our budget, which allowed us to maintain and enhance our programs. Furthermore, due to long range planning and the establishment of reserves, the tax levy was at or below the limit for the fourteenth year in a row.

This summer we completed the following work for Phase III of the Capital Project:

- Replaced old ceiling tiles at the middle school and high school
- Installed air conditioning systems in the cafeteria, auditorium and gymnasium at the middle school
- Installed air conditioning systems in the cafeteria and gymnasium at the high school
- Installed new windows at the Plattekill Elementary School in the Kindergarten wing and the cafeteria
- Upgraded the water system at the Plattekill Elementary School and added a second well to back up the primary well

As most of you are aware, after more than 24 years of dedicated service to this amazing school District, I will be retiring on October 3, 2025. It has been an honor to serve the Wallkill Community and to work alongside such an incredible team of educators and staff. Furthermore, I have met so many amazing students over the years and I am so proud of their accomplishments. Effective October 4, 2025, Mr. Anthony White will assume the role of Superintendent. I am confident that under his leadership, our District will continue to thrive and grow.

Thank you for your continued support and partnership.

Stay Panther Strong!

Sincerely,

Kevin Castle
SUPERINTENDENT OF SCHOOLS

It is with great excitement and deep humility that I introduce myself as the next Superintendent of the Wallkill Central School District effective October 4, 2025. I am honored to continue to serve a community that values education and the success of every student.

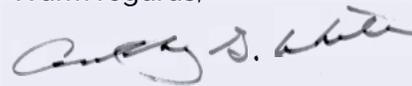

I want to extend my heartfelt appreciation to Mr. Kevin Castle, whose leadership has laid a strong and steady foundation for our district. His dedication to students, staff, and families has positioned Wallkill for continued growth and excellence, and I am grateful for the opportunity to build upon his legacy.

As I step into this role, I bring with me a deep commitment to open communication and a positive energy for collaboration. I believe that strong relationships are the heart of a thriving school district, and I am eager to listen, learn, and lead.

My goal is to foster meaningful partnerships with all members of our school community – students, parents, teachers, staff, and local leaders. Together, we will continue to create a learning environment where every student feels supported and inspired to reach their full potential.

I look forward to working together to ensure the Wallkill Central School District remains a place where excellence is not only expected, but achieved.

Warm regards,

Anthony White
INCOMING SUPERINTENDENT OF SCHOOLS

Physicals/Immunization Requirements

NEW YORK STATE PUBLIC HEALTH LAW requires physicals for children new to the district, entering Pre-K, K, or in Grades 1, 3, 5, 7, 9, and 11 as well as annually for interscholastic sports; working papers; or as required by the Committee on Special Education (CSE) or Committee on Pre-School Special education (CPSE).

New York State Public Health Law requires immunization before children attend public or private schools unless the parent provides written proof of legal exemption or proof from a health care provider that the child is in the process of receiving the required immunizations. In some instances, doctor verified disease histories or blood tests, which show immunity, are acceptable. Immunizations may be done by your health care provider, Ulster County Health Department (845-340-3150), or Orange County Health Department (845-568-5333).

- **Diphtheria/Pertussis/Tetanus (DPT, DT, DTaP, or TD)**
Pre K: four doses.
K-12: either four or five doses. If fourth dose is received at 4 years or older, the fifth dose is not required.
- **Tdap Booster Vaccination**
One dose at 11 years old, entering Grade 6.
- **Polio**
Pre K: three doses.
K-12: either three or four doses of IPV. If third dose is received at 4 years or older, a fourth dose is not required.
- **MMR (Measles, Mumps, Rubella)**
Pre-K: one dose. K-12: two doses.
- **Hepatitis B**
Three doses total.
- **Varicella (Chickenpox)**
Pre K: one dose.
K-12: two doses total.
- **Meningitis**
Grade 7: one dose.
Grade 12: booster required. (Only one dose is needed if student received first dose after age 16.)

No child may enter school without proof of the required immunization or proof of legal exemption.

Legal reasons for a waiver include a physician medical exemption or diagnosed disease (must include a statement from physician). This must be renewed yearly.

New York State has recently changed legal requirements for non-medical immunizations exemptions.

Please visit the District website for additional information or contact Ursula Petricek, District-Wide Nurse Practitioner, at 845-895-7156.

Anaphylaxis Notice

The administration of epinephrine by epi-pen has become an accepted and extremely beneficial practice in protecting individuals subject to serious anaphylactic reactions. The District will work with students in the self-management of their life-threatening allergy, or other chronic health conditions, by adequately training staff and assuring the availability of the necessary equipment and/or medications. The District will stock epinephrine for non-patient specific use and ensure that each RN is properly trained as the only authorized users of the stock epinephrine per non-patient specific order from the District-Wide Nurse Practitioner. Additionally, the law and regulations permit certain individuals within the schools in the emergency treatment of anaphylaxis. Parents/guardians can contact Ursula Petricek at 845-895-7156 for further information regarding the treatment of anaphylaxis in school.

Elementary 2025 – 2026 Bus Routes

LEPTONDALE ELEMENTARY SCHOOL

ROUTE 600 HUNT ROAD / QUAKER STREET

8:10 Hunt Road (Route 32 to Quaker Street)

All routes are scheduled to arrive at the High School and Middle School between 7:20 AM and 7:25 AM. Times are approximate and may vary by 5–10 minutes on any given day. All students should be at the bus stop approximately 5 minutes before the scheduled pick-up time.

If you have any questions or concerns, please call Tracey Rohl at 845-895-7105 or Orange County Transit at 845-204-3751. Thank you.

School Lunch Information

FOR THE 2025-2026 SCHOOL YEAR, ALL STUDENTS ARE ELIGIBLE FOR A FREE BREAKFAST AND LUNCH DAILY.

There will be a charge for any items besides the meal. If a student chooses to buy a second breakfast and/or a second lunch on any given day, then the prices will be as follows: \$2.20 for Elementary School student lunches and \$2.40 for Middle and High School student lunches. Breakfast prices in all schools will be \$1.00. Milk prices in all schools will be \$.75 per carton.

Even though all Wallkill students are eligible for a free breakfast or lunch daily during the 2025-2026 school year, if you do qualify for Free or Reduced Lunch, please complete the application, as you may be eligible for additional benefits. If additional forms are needed, they can be obtained from your school's Health Office or online at www.wallkillcsd.k12.ny.us under the Departments tab: Food Services link. Parents should review these guidelines carefully and if eligible, we encourage you to apply for this program. The application contains information needed to determine economic need based on income and the number of people in the family. Information contained within the application is strictly confidential and will be used only for the purpose of determining eligibility. The free and/or reduced price meal policy also provides that there will be no identification of or discrimination against any student unable to pay the full cost of a meal.

Applications should be completed with all your children's names on one application and returned to your child's Health Office during the first two weeks of school. Applications can be submitted later during the school year if family situations change. For example, if a family member becomes unemployed, if the family size decreases, or if the family income increases by more than \$50 per month (\$600 per year), the family must contact the school to file a new application. When applying for this program, all questions on the application must be answered completely to be considered for approval by the District. Parents or guardians must sign the application form certifying that the information is true and correct.

In certain cases, foster children may be eligible for these benefits. A family may wish to apply for meals for eligible foster children and should do so by contacting the school their foster child attends.

Under provisions of the District's policy, a designated official will review applications and determine eligibility.

Parents may make either an oral or written request to appeal this decision. Appeals should be addressed to Mr. Brian Devincenzi, Assistant Superintendent for Support Services, who is the District Hearing Officer for these appeals.

Prior to initiating the hearing procedure, the parent or School Food Authority may request a conference to provide an opportunity for the parent or official to discuss the situation, present information and to obtain an explanation of the data submitted in the application or the decision rendered. A request for a conference shall not in any way prejudice or diminish the right to a fair hearing.

In the operation of these programs, no child shall be discriminated against because of race, sex, color, national origin, age, or handicap. If you believe that there has been any discrimination, you may write to the Secretary of Agriculture, Washington, D.C. 20250.

A complete copy of the free and reduced meal price policy is on file in the School Food Authority District Administration Office (Mr. Brian Devincenzi, Assistant Superintendent for Support Services), where it may be reviewed.

BODY MASS INDEX (BMI)

As part of a required school health examination, a student is weighed and his/her height is measured. These numbers are used to determine the student's body mass index or "BMI." The BMI helps the doctor or nurse know if the student's weight is in a healthy range or is too high or too low. Recent changes to the New York State Education Law require BMI and weight status group be included as part of the student's school health examination. We are required to report to the New York State Department of Health information about our students' weight status groups. Only summary information is sent. Names and information regarding students are NOT sent. However, you may choose to have your child's information excluded from the report. This information, which is sent to the New York State Department of Health, will help State health officials develop programs designed to improve children's health.

Please notify your child's Health Office Nurse, in writing, if you do not wish to have your child's weight status group information included as part of the Health Department's survey this year. We are grateful for your cooperation. We look forward to working with you to make your child's school year a positive experience.

Again, if you have any questions, please contact the Health Office Nurse at your child's school. Thank you.

Notice of Non-Discrimination

1. The Wallkill Central School District offers equal educational and employment opportunities including career and technical education opportunities, and does not discriminate on the basis of race, color, national origin, sex, disability, age, or other protected categories under state or federal law, in its programs and activities and provides equal access to the Boy Scouts and other designated youth groups. This policy applies to students in connection with all academic, educational, extra-curricular, athletic, and other programs of the school whether they take place in the facilities of the school, on a school bus, at a class or training program sponsored by the school at another location, or elsewhere.
2. Discrimination may include, but is not limited to, the following, when based on one's membership in a protected category:
 - a. name calling, jokes, or rumors;
 - b. pulling on clothing;
 - c. graffiti;
 - d. notes or cartoons;
 - e. unwelcome touching of a person or clothing;
 - f. offensive or graphic posters or book covers;
 - g. any words or actions that make you feel uncomfortable, embarrass you, hurt your feelings, or make you feel bad; or
 - h. denial of access to a school program or activity.
3. If any words or actions by another student, district personnel, or third party, such as volunteers, vendors, contractors, or visitors, make you feel uncomfortable, embarrassed, angry or unsafe, and you perceive that such conduct is being exhibited as a result of your membership in a protected category, the District requests that you make a report (either oral or in writing) which should be given to a teacher, counselor, assistant principal, the principal or the District Compliance Officer.
4. Your right to privacy will be respected as much as possible.
5. We take seriously all reports of discriminatory conduct and will take all appropriate actions based on your report.
6. The School District will also take action if anyone tries to retaliate against you because you have reported an incident.
7. This is a summary of the School District non-discrimination policy. Complete policies and procedures are available in the District Office upon request and on the District's website.
8. Students considering themselves to have a grievance may contact Brian Devincenzi, District Compliance Officer, at 845-895-7102 for a copy of the Grievance Procedure and for assistance in processing such a grievance.

Notice and Summary of Sexual Harassment Procedure

1. Definition: Any conduct by a person of the opposite sex or same sex, another student, District employee or third party, such as volunteers, vendors, contractors, or visitors, which a reasonable person, who is the object of such conduct, would conclude is:
 - a. Unwanted touching of a sexual nature of any part of the second person

-or-

 An unwanted expression which intimidates, embarrasses, or offends the second person.
 - b. Sexual harassment includes but is not limited to:
 - i. making sexual comments, jokes, gestures or looks;
 - ii. touching, grabbing, or pinching in a sexual way;
 - iii. intentionally brushing up against someone;
 - iv. flashing or mooning;
 - v. spreading sexual rumors about a person;
 - vi. pulling at someone's clothing in a sexual way;
 - vii. showing, giving, or leaving sexual pictures, photographs, illustrations, messages, or notes;
 - viii. forcing someone to kiss you or do something sexual other than kissing;
 - ix. spying on someone while dressing or showering;
 - x. calling someone a "fag," "lesbian," or "gay";
 - xi. any written, verbal, symbolic, or vulgar act directed at or implied toward any person's gender (identity, expression, and nonconformity to gender stereotypes) and/or sexual orientation.
2. If you believe you have been subjected to and/or witnessed any of the above conduct, you must make a report (either oral or in writing) which should be given to a teacher, counselor, assistant principal, the principal, or the District Compliance Officer.
3. Your right to privacy will be respected as much as possible.
4. We take seriously all reports of sexual harassment and will take all appropriate actions based on your report. If you believe that you or another individual has been the subject of sexual harassment, you may contact Brian Devincenzi, District Compliance Officer, at 895-7102 for a copy of the Grievance Procedure and for assistance in processing such a grievance.
5. The School District will also take action if anyone tries to intimidate you or take action to harm you because you have reported an incident.
6. This is a summary of the School District procedure against sexual harassment. Complete policies and procedures are available in the District Office upon request.

Complaints of sexual harassment made under Title IX will be investigated and handled under the District's Title IX policy.

Family Educational Rights and Privacy Act (FERPA) Notice for Directory Information

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that the Wallkill Central School District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, your child's school may disclose appropriately designated "directory information" without written consent, unless you have advised your child's school to the contrary in accordance with your child's school procedures. The primary purpose of directory information is to allow your child's school to include this type of information from your child's education records in certain school publications. Examples include:

- a playbill, showing your student's role in a drama production;
- the annual yearbook;
- honor roll or other recognition lists;
- graduation programs; and
- sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two Federal laws* require Local Educational Agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories—names, addresses, and telephone listings—unless parents have advised the school that they do not want their student's information disclosed without their prior written consent.

If you do not want your child's school to disclose directory information from your child's education records without your prior written consent, you must notify your child's school in writing. The Wallkill Central School District has designated the following information as directory information:

- Student's name
- Grade level
- Dates of attendance
- Degrees, honors, and awards received
- Major field of study
- Participation in officially recognized activities and sports
- The most recent educational agency or institution attended
- Weight and height of members of athletic teams

*These laws are: Section 9528 of the ESEA (20 U.S.C. 7908), as amended by the No Child Left Behind Act of 2001 (P.L. 107-110), the education bill, and 10 U.S.C. 503, as amended by section 544, the National Defense Authorization Act for Fiscal Year 2002 (P.L. 107-107), the legislation that provides funding for the Nation's armed forces.

Procedures for the Education of Homeless Children & Youth

EVERY LOCAL EDUCATIONAL AGENCY (LEA) MUST

designate an appropriate staff person as a Local Education Agency liaison for students in homeless situations. The Wallkill Central School District's liaison is Ms. Tara Rounds, Assistant Superintendent for Special Education and Intervention Services. Liaisons must ensure that:

- Children and youth in homeless situations are identified by school personnel and through coordination activities with other entities and agencies;
- Children and youth enroll in and have full and equal opportunity to succeed in the schools of the LEA;
- Families, children, and youth receive educational services for which they are eligible, including Head Start, Even Start, and pre-school programs administered by the LEA, and referrals to health, mental health, dental, and other appropriate services;
- Parents and guardians are informed of educational and related opportunities available to their children, and are provided with meaningful opportunities to participate in the education of their children;
- Public notice of the educational rights of students in homeless situations is disseminated where children and youth receive services under the Act (such as schools, family shelters, and soup kitchens);
- Enrollment disputes are mediated in accordance with the Enrollment Disputes section; and
- Parents and guardians, and unaccompanied youth, are fully informed of all transportation services, including transportation to the school of origin, and are assisted in accessing transportation services.

Liaisons must collaborate and coordinate with State coordinators and community and school personnel responsible for the provision of education and related services to children and youth in homeless situations.

LEAs and State coordinators must inform school personnel, service providers, and advocates who work with families in homeless situations of the duties of the liaison.

Procedures for Access to Student Records

INFORMATION SHARING FALLS UNDER THE FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA).

FERPA provides parents and students over 18 years of age certain rights with respect to the student's education records, mainly the right to consent to the disclosure of information. Generally, schools must have written permission from the parent or eligible student before releasing any information from the student's record. This law applies to any school that receives funding under an applicable US Department of Education program. However, it does provide some exceptions that allow schools to disclose student records without consent.

Exceptions to FERPA:

FERPA allows disclosure without the consent of parents (or students 18 and over) to the following parties:

- school officials who have a legitimate educational interest;
- other schools to which a student is transferring;
- certain government officials in order to carry out lawful functions;
- appropriate parties in connection with financial aid to a student;
- organizations conducting certain studies for the school;
- accrediting organizations;
- individuals who have obtained court orders or subpoenas;
- persons who need to know in cases of health and safety emergencies;
- state and local authorities within a juvenile justice system, pursuant to specific law; and
- military recruiters for recruiting purposes (unless a parent makes a written request to the District to the contrary).

Upon request, the school discloses education records without consent to officials of another school or school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

According to FERPA, a school can disclose information without consent to school officials with legitimate educational interests. FERPA defines a "school official" as:

a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a member of the Board of Education; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official performing his or her tasks.

According to FERPA, a school official has a "legitimate educational interest" if the official needs to review an educational record to fulfill his or her professional responsibility.

Parents and eligible students have the right to inspect and review the student's education records within 45 days after the day the District receives a request for access. Requests should be submitted in writing to the Assistant Superintendent for Support Services.

Parents and eligible students have the right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading or otherwise in violation of the student's privacy rights under FERPA. Parents or eligible students who wish to ask the District to amend their child's or their education record should write the school principal (or appropriate school official), clearly identify the part of the record they want changed, and specify why it should be changed. If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

Important Information Regarding Tax Collection

Taxes will be collected by mail, online or in person from September 2, 2025 through November 3, 2025. Taxes for the Towns of Shawangunk, Plattekill, Gardiner, Newburgh and Montgomery will be received from 9:00 A.M. to 12:00 Noon and from 1:00 P.M. to 3:00 P.M., Monday through Friday (except holidays) at the Wallkill Administration Building. Additionally, a drop box will be located at the Administration Building, 1500 Route 208, where residents can deposit their taxes in an envelope and a receipt will be mailed to the resident. Payments may now be made online using Visa, Mastercard, Discover, or American Express via infotaxonline.com. Please note that a service fee will be charged by our payment processor for the use of this service. The fee collected is retained by the processing company, not the District. The fee will be disclosed prior to payment.

Parents as Partners - Parental Involvement Policy

The Wallkill Central School District recognizes the important role of parents and family in the learning community. We share a common commitment to supporting students' academic pursuits and ensuring their successful achievement. We subscribe to the requirements set forth in state and federal regulations for the purposeful involvement of parents and family in their children's education. To these ends, the District's mission is to enhance the educational programs of its student population through an active, productive parent-school partnership. Its goal is to increase the constructive, ongoing involvement of parents and family in the education of their children.

The following procedures and guidelines are intended to facilitate the institution of opportunities for parents and family and teachers with administrators to participate in making shared decisions about educational issues in a school based forum.

Each building has established and maintains a committee, representative of teachers, parents, administrators, support personnel, and community resources as appropriate to the specific task or educational program. Membership composition, while delineated, will be compliant to assure that specific requirements of individual programs are met. Records and materials maintained with student's pupil personnel will be subject to the requirements of the Family Educational Rights and Privacy Act. Due process for parents and children will be governed by existing state regulations. Information, to the extent practicable, will be provided to parents in a language and form that parents can understand.

In keeping with federal regulations, the Wallkill Central School District ensures that each Title I designated school will:

- a) Convene an annual meeting at a convenient time to which all parents and family of participating children will be invited and encouraged to attend. Parents and family shall be advised and informed of their school's participation in Title I and their rights to be involved within the Title I Program.
- b) Offer a flexible number of meetings in the morning and/or evening and may provide, subject to adequate funding availability, transportation, child care, or home visits, as such services relate to parental involvement.
- c) Involve parents and family in the joint planning of school programs.
- d) Provide parents and family with timely information concerning both Title I and other school programs and encourage parent/community volunteers.
- e) Give parents and family a description and explanation of the curriculum in use at the school, the forms of assessments used to measure student progress, and the proficiency levels students are expected to meet.
- f) Arrange opportunities for regular meetings to share suggestions, provide training, communicate experiences with other parents, and participate, as appropriate, in decisions relating to the education of their children, if parents and family so desire.

Concussion Management Policy

THE BOARD OF EDUCATION OF THE WALLKILL CENTRAL

School District recognizes that concussions and head injuries are commonly reported injuries in children and adolescents who participate in sports and recreational activity and can have serious consequences if not managed carefully. Therefore, the District adopts the following policy to support the proper evaluation and management of head injuries.

Concussion is a traumatic brain injury which varies in severity. Concussion occurs when normal brain functioning is disrupted by a blow or jolt to the head. Recovery from a concussion will vary. Avoiding re-injury and over-exertion until fully recovered are the cornerstones of proper concussion management.

While District staff will exercise reasonable care to protect students, head injuries may still occur. Physical education teachers, coaches, nurses, and other appropriate staff will receive training to recognize the signs, symptoms, and behaviors consistent with a concussion. Any student exhibiting those signs, symptoms, or behaviors while participating in a school-sponsored class, extracurricular activity, or interscholastic athletic activity shall be removed from the game or activity and be evaluated as soon as possible by an appropriate health care professional. The athletic trainer, coach, school nurse, or other District employee in charge of or supervising the activity will notify the student's parents or guardians and recommend appropriate monitoring to them.

If a student sustains a concussion at a time other than when engaged in a school-sponsored activity, the District expects the parent/legal guardian to report the condition to the school nurse so that the District can support the appropriate management of the condition.

The student shall not return to school or activity until he/she is symptom free for at least 24 hours, has been evaluated by and provides written authorization from an appropriate health care professional. Any student who presents a medical clearance from his/her primary care physician will be started on the appropriate level of the District's return-to-play protocol. Prior to the student's return to full participation, the student will need to have the return-to-play form signed by the District-Wide Nurse Practitioner.

The Superintendent, in consultation with appropriate District staff, including the chief school medical officer, will develop regulations and protocols to guide the return to activity.

Notification of Rights Under the Protection of Pupil Rights Amendment (PPRA)

PPRA AFFORDS PARENTS CERTAIN RIGHTS REGARDING

our conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

- Consent before students are required to submit to a survey that concerns one or more of the following protected areas ("protected information survey") if the survey is funded in whole or in part by a program of the U.S. Department of Education (ED):
 1. political affiliations or beliefs of the student or student's parent;
 2. mental or psychological problems of the student or student's family;
 3. sex behavior or attitudes;
 4. illegal, anti-social, self-incriminating, or demeaning behavior;
 5. critical appraisals of others with whom respondents have close family relationships;
 6. legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
 7. religious practices, affiliations, or beliefs of the student or parents; or
 8. income, other than as required by law to determine program eligibility.
- Receive notice and an opportunity to opt a student out of:
 1. any other protected information survey, regardless of funding;
 2. any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under State law; and
 3. activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.

- Inspect, upon request and before administration or use:
 1. protected information surveys of students;
 2. instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
 3. instructional material used as part of the educational curriculum.

These rights transfer from the parents to a student who is 18 years old or an emancipated minor under State law.

Following is a list of the specific activities and surveys covered under this requirement:

- Collection, disclosure, or use of personal information for marketing, sales, or other distribution.
- Administration of any protected information survey not funded in whole or in part by ED.
- Any non-emergency, invasive physical examination or screening as described above.

Parents who believe their rights have been violated may file a complaint with:
