Y&R Security: Did not supply a Consent of Surety thereby causing their proposal to be rejected as this material flaw cannot be cured. Y&R was not responsive, meaning they did not conform in all material respects to the terms and conditions, specifications, legal requirements, and other provisions of the request (NJS A 18A:18A-2(y)). The absence of the mandatory Consent of Surety shall be deemed a fatal defect that shall render the proposal unresponsive and that cannot be cured by the governing body (LPCL 40A:11-23.2)

Hinton Investigations: Did not supply an original Bid Bond or Consent of Surety which is mandatory. Photo Copies of these documents are not acceptable. This is a fatal flaw and cannot be cured causing the proposal to be rejected.

Allied Universal: Only bid on one category (Unarmed Security Guards) so therefore this category was scored separately for the cost component. Their proposal was responsive and responsible.

IronRock Security: Submitted a responsive and responsible proposal

Century Protective Services: Submitted a responsive and responsible proposal.

As stated in the RFP It is the intention of the Board of Education to award **up to two (2) contract(s)** to the respondent(s) whose response is the most advantageous to the board, price and other factors considered; and who will provide the highest quality service at fair and competitive prices. **A minimum score of Seventy-Five percent (75%) is required to be considered for award.**

It is the recommendation of the Supervisor of the Nonpublic Security Grant and the Evaluation Committee to award IronRock Security and Century Protective Services to provide Nonpublic Security Guard Services. The contract awards will be based on each nonpublic school's security grant allocations set aside for these services after the Nonpublic School vendor selection process.
