TAKING CARE OF COMPUTERS

WHERE TO KEEP THEM

Computers and chargers go in backpacks - if you need to carry your computer, close the top

USING THEM

Computers are for school work
No need to download apps or games

CARING FOR THEM

Keep in Backpacks
Charge at home every night
No food or drink near them

SIGN OUT

Every night sign out of your computer - it will automatically update

COMPUTERS

Be sure to take care of your computer
Be gentle even when frustrated
Keep the keys on the computer
Carry it with the top down when walking around
Keep it in your backpack when not in use

CHARGERS

Bring them to school with you EVERY DAY
DON'T loan them out to your friends (even your best friend)

LUNCH/RECESS

Computers WILL stay in your backpacks during lunch/recess. They will not be taken out to play games or use.

Why?

1. Computers should stay away from food and drinks
2. Computers are more likely to get broken during this time
3. Computers are for school stuff
4. Games take up a lot of space on the computers which makes them run slow

WHEN YOUR COMPUTER DOESN'T WORK

Click on SETTINGS - UPDATE (check for optional updates too)
