## WELCOME TO NAPLES HIGH SCHOOL!

The Naples High School *Student Planner* provides information about rules, responsibilities, and privileges for students at this school. All students are expected to become familiar with this information.

Students, we encourage you to take advantage of the academic and extracurricular opportunities that are available at Naples High School. The administration is ready to help with any questions or needs that might arise. Welcome, and make it a great year!

## ACTIVITY/ATHLETIC CODE OF CONDUCT

The Collier County School Board invites all students (hereinafter referred to as participants) who possess the ability, attitude, cooperative spirit, and desire to favorably represent our secondary schools to become candidates and participate in our interscholastic or extracurricular activities programs. For the purpose of this *Code (Activity/Athletic Code of Conduct)*, interscholastic or extracurricular activities (hereinafter to include school-based meetings, practices, performances, games, contests, etc.) applies to all Florida High School Activities Association, other state sponsored activities and all other Collier County Public Schools High School sponsored organizations, officers, participants and/or members on the following conditions.

Participation in these activities is a privilege rather than a right. There is a relationship between a participant's behavior on and off school property and the exercise of the participant's privilege to participate in these activities. Participants are representatives of their school and of their fellow students. They have higher visibility and greater recognition, assume leadership roles and become examples for their peers. This creates a duty and responsibility on the part of a participant to conduct himself or herself, on and off school property, in a proper manner. There is a relationship between these activities and a participant's health, physical and mental ability, social competence and discipline. Appropriate behavior by a participant can contribute significantly to the overall character of participants and non-participants.

To maintain a high level of performance in interscholastic or extracurricular activities, all candidates are required to subscribe to and abide by the rules set forth in this *Code*. However, coaches, music directors, and club/class sponsors have the discretionary authority to deviate from them only to establish additional standards and rules for their respective activities that are more rigorous and restrictive than those already outlined, if they are consistent with the philosophy of this *Code*. Such additional standards and rules must be reviewed and approved for their appropriateness by the activities coordinator and the principal before being applied to a participant for an unusual or special circumstance. In the event a participant fails to comply with these high standards, it shall be interpreted by the coach, music director, or sponsor as an indication that the participant does not have sufficient desire to participate in the chosen interscholastic or extracurricular activity program.

Failure to comply with the *Code* may result in temporary or permanent suspension from interscholastic or extracurricular activities, as set forth in the CCPS Athletic/Activity Matrix.

Copies of the Collier County Public School's *Code* will be discussed and distributed to all participating students at their respective schools at the beginning of each activity period or school year, or at the time a student may initially transfer into a Collier County Public School. Parents will be invited to attend an activities meeting to receive information and discuss the *Code*.

The Random Student Drug Testing applies only to those students who are participating in an FHSAA-sponsored sport and/or cheerleading: Participants engaging in these activities

must agree to submit to a random drug test, without prior warning, whenever called upon to do so by school administrators. The participant and his/her parent or guardian must sign a consent form to that effect before the student will be permitted to participate in any manner. The random drug testing program will be carried out under the authority of School Board policy, and every effort will be made to protect the privacy and confidentiality of the students. A positive result of a random drug test will be considered sufficient evidence of a violation of section IV. B of the *Code*, and consequences will be assigned in accordance with section IV - B of the *Code*. (Please refer to the *Code* for additional, more specific information, about the Random Student Drug Testing Program).

## ADMINISTRATORS OF ATTENDANCE AND DISCIPLINE

Mrs. Cari Quintero and Mr. Steve Edwards

Students are expected to observe the rules of the *Collier County Public Schools Code of Student Conduct* during the school day as well as at all school sponsored activities and athletic events. Failure to comply will result in disciplinary action. Many factors are taken into consideration at the time of the disciplinary actions (e.g. progression of discipline, number of previous referrals, type of rule infraction, attendance, etc.). Students have the right of due process and to appeal any disciplinary action.

Disciplinary action for *minor* conduct violations may include but not be limited to the following: Verbal warning, classroom detention, lunch detention, after school detention, parent conference, removal of privileges (i.e. parking privileges, school-related activities), attendance/behavior agreement.

### **There are four types of disciplinary actions for *serious* conduct violations:**

- 1. Emergency Removal:** Students may be removed from a class or activity if the student's presence poses a continuing danger to persons or property or if the student's presence is an ongoing threat of disrupting the academic process.
- 2. Removal by Teacher:** A teacher may ask that a student be removed from class if the behavior is so unruly, disruptive, or abusive that it seriously interferes with the teacher's ability to communicate effectively with other students in the class or with the ability of the other students to learn. If a student is removed from class, the principal or designee may place the student in another appropriate classroom, in-school suspension (ISS), or in an alternative education program; or the principal or designee may recommend out-of-school suspension, or expulsion as appropriate. Students may also be prohibited from attending or participating in school-sponsored or school-related activities.
- 3. Suspension (in-school, out-of-school):** In-school suspension (ISS) is defined as removal of a student from the regular school program and placement in the in-school-suspension room for up to ten days as a disciplinary measure. Out-of-school suspension (OSS) is defined as the removal of a student from instruction and school-sponsored activities for up to ten days as a disciplinary measure. Students placed on an out-of-school suspension are remanded to the custody of their parents and may request specific homework assignments for the student to complete (for non-zero tolerance offenses only).
- 4. Expulsion:** Expulsion is defined as prohibiting the attendance of a student in school for more than ten days or separating a student from the school system, with principal or School Board discretion, for a period not to exceed the remainder of the current school year and one additional year, for most disciplinary infractions.

Any act that disrupts the educational process is taken seriously and addressed by the school administration. Students can avoid disciplinary action by avoiding these common conduct violations. (Other violations do exist – refer to *Collier County Public Schools Code of Student Conduct*).

### Tardy to School/Class

Students are expected to be in class by 7:10 AM. Students will not be admitted to class after 7:10 AM unless they have a pass from the Student Services office. Failure to sign in through the Student Services office will result in the student being recorded as absent. Detentions may be issued for habitual tardiness according to the established tardy thresholds and progression of discipline as determined by administration. Ten (10) or more minutes tardy to class without an excused pass will result in an unexcused absence being recorded and the absence included in the credit denial process. Any student that drives to school, arrives after 7:10, and parks in the student parking lot will be required to access campus using the video enabled gate access system on the north side of the gymnasium. A photo ID will be required to be shown at that time.

### Procedure for Early Dismissal

1. Parent/guardian must provide written permission that includes a note with signature, contact telephone number, the time and reason to leave campus, and the mode of transportation the student will use to leave campus. Students should report to the Student Services office at dismissal time where staff will issue a dismissal slip allowing the student to leave campus. To avoid calling into the classrooms and causing a disruption of instruction, parents should plan dismissals at the following times: 8:00, 8:55, 9:55, 10:50, 11:45, 12:20, and 1:10. Dismissal requests after 1:30 PM will not be processed.
2. Parent/guardian written permission can be submitted by sending an email to [NHSnotes@collierschools.com](mailto:NHSnotes@collierschools.com) that includes a photo of the parent/guardian driver's license, a contact telephone number, the time and reason to leave campus, and the mode of transportation the student will use to leave campus.
3. In an emergency, a parent/guardian may visit the Student Services Office in person to sign

their child out. We appreciate efforts to schedule appointments after school hours. *Student attendance records will reflect an absence for early dismissals.*

**NOTE: Telephone calls from parent/guardian are NOT ACCEPTABLE for early dismissal.**

At the discretion of administration, a student may be required to borrow "loaner" shorts/T-shirts if he/she is in violation of dress code. **The principal and administration staff have the final say in determining what clothing is appropriate.** *(Rule 11. Electronic Devices include but are not limited to the following: Cell phones; Computers; Smart watches; Pagers; Portable game units; Digital media players, other mechanisms that enable users to communicate electronically person-to-person or through internet social networking sites such as Facebook, Instagram, Twitter, etc. To preserve the proper educational environment and prevent disturbances, the following conditions must be observed:

1. A student may possess a wireless communications device while the student is on school property or in attendance at a school function; however, a student may not use a wireless communications device during instructional time, except when expressly directed by a teacher solely for educational purposes. **A teacher shall designate an area for wireless communications devices during instructional time. Authority: F.S. 1006.07 (2) (f)**
2. Electronic Devices are to be powered off and silenced on district buses except as authorized by the driver.
3. A student may use an electronic device on campus before the time the school day officially begins, lunch, passing time and after dismissal.

2. Respond quickly and quietly during each drill.

### **EQUITY**

It is the policy of the School Board to avoid discrimination based on gender, race, color, age, religion, national origin, marital status or handicap.

Everyone at Naples High School has the right to feel respected and safe. The definition of *harassment* is: Using unwelcome gestures, words, or written statements to annoy, demean, denigrate, defame, malign, or ridicule another person, or create an intimidating, hostile or offensive school environment.

If any words or actions make a student feel uncomfortable or fearful, report it to a teacher, a counselor, and/or an administrator. A report of an incident may be written and given to a teacher, a counselor, or the principal.

### **EXAMS**

Exams are scheduled at the end of each term. Students must review the calendar and make every effort to be in school when exams are scheduled. Missed exams will be made up upon the student's return to school. Taking exams early is prohibited.

AP and AICE Exams are paid for in advance by Naples High School. All students enrolled in classes that require these exams are expected to take them on the day of the test administration. ### **FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)**

The Family Educational Rights and Privacy Act (FERPA) afford parents and students over 18 years of age ("eligible students") certain rights with respect to the student's educational records. These rights are:

3. The right to consent to disclosures of personally identifiable information in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibility.

### HEALTH SECTION

Health services are an important part of a student's total school program. School health staff promotes academic success by helping to ensure that students are healthy and ready to learn. School nurses and school health assistants help students manage chronic health conditions, identify and follow-up on suspected health problems, manage illnesses and injuries, monitor immunization and physical examination documentation, and serve as a resource for health and wellness information. To help protect and promote the health of all students, parents are asked to follow the guidelines below.

**When to stay home-** Children who have a temperature of 100 degrees or higher should be monitored at home for other signs or symptoms of illness. A child's ability to perform in school is diminished if he or she does not feel well. If your child has repeated episodes of diarrhea or vomiting, a rash or general weakness please consult with your health care provider and keep your child at home until the illness passes or your doctor recommends the child return to school. Health conditions such as pink eye are highly contagious and must be properly treated before your child may return to school.

**Medications-** Whenever possible, medications should be given at home. However, if it is necessary for your child to receive medication at school, the parent must bring the medication to school in the original container and complete and sign a Medication Authorization Form. If a prescription medication is required at school, the prescribing doctor must also complete and sign the authorization form. The form is located on the CCPS website or is available from the school nurse. Medications are kept in the school clinic and dispensed by the school nurse. **Students may not carry medications (exception: "headache" medicine i.e. Tylenol/Advil) at school except in very specific**

**situations which require the written approval of the physician, parent and school nurse.** If your child has a health condition that requires medication or treatment, please contact the school nurse.

**Emergency Information**-Parents must complete and sign a Student Emergency Information Card every school year. This process can be completed online through the CCPS Parent Portal. Please be sure to provide the school with accurate and current telephone numbers and contacts in case of emergency.

**Head Lice**- Head lice, often spread by direct head-to-head contact outside of school, are most commonly found in young children. Head lice and nits (eggs) do not transmit disease and are not a significant health hazard. The Collier County Public Schools' procedure regarding management of head lice is based on recommendations from the American Academy of Pediatrics, the National Association of School Nurses and the Centers for Disease Control (CDC).

- If a student has signs or symptoms of head lice, the school nurse or trained school staff will check the student's hair and scalp to determine if live lice or nits are present.
- If live lice or nits, are present, the parent will be asked to pick up the child and will be given instructions for treatment and removal of the nits and/or lice. Siblings will also be checked.
- The parent must accompany the child to school after treatment. Students who continue to have live lice upon recheck may not return to class.
- Students who have nits only may return to class and will be rechecked according to a specific protocol.
- Please check your young child frequently and notify the school nurse if lice and/or nits are found.

## **HOMEWORK**

Homework is intended to reinforce learning through practice, application, integration, and/or extension of knowledge and skills.
