

Yondr & 1:1 Device

Distraction Free Learning
Terra Nova High School

Terra Nova High School will be restricting cell phones, air pods/earbuds, smartwatches and tablets during the school day.

Every student will be assigned a personal Yondr Pouch to securely store cell phones and other wearable devices. The pouch will be returned at the end of the school year.

Every student will be issued a district provided Chromebook to use in class and at home throughout their four years at Terra Nova.

Emergency Protocols

Unlocking bases have been installed in every classroom to be used in emergency situations.

Portable devices are available to use during evacuations.

What if I need to contact my student or parent?

Parents can call the office, or the student can request to go to the office to call their parent.

Email

Students will use Yondr pouches to securely store their cell phones, airpods/earbuds, and smartwatches during the school day

Personal headphones, laptops and tablets/iPads are also restricted. These devices must be stored in the student's backpack during the school day.

How it Works

Students are expected to bring their Yondr pouch to school everyday.

Prior to the start of 1st period, students will place their items inside the pouch, securely close it and store it in their backpack. Students will arrive to their 1st period class on time and with a secured pouch. At the end of the school day, students will visit an unlocking base, located around campus, to unlock and unpouch their phone.

More information can be found in our student handbook located on our website
