Purpose

The Student Code of Conduct ("Code of Conduct"), as required by Chapter 37 of the Texas Education Code, provides methods and options for managing student behavior, preventing and intervening in student discipline problems, and imposing discipline.

The law requires the district to define misconduct that may—or must—result in a range of specific disciplinary consequences, including removal from a regular classroom or campus, out-of-school suspension, placement in a disciplinary alternative education program (DAEP), placement in a juvenile justice alternative education program (JJAEP), or expulsion from school.

This Code of Conduct has been adopted by the Birdville Independent School District board of trustees and developed with the advice of the district-level planning and decision-making committee. It provides information to parents and students regarding standards of conduct, consequences of misconduct, and procedures for administering discipline. This Code of Conduct remains in effect during summer school and at all school-related events and activities outside the school year until the board adopts an updated version for the next school year.

In accordance with state law, the Code of Conduct shall be posted at each school campus or shall be available for review at the campus principal's office. Additionally, the Code of Conduct shall be available at the campus behavior coordinator's office and posted on the district's website. Parents shall be notified of any conduct violation that may result in a student being suspended, placed in DAEP or JJAEP, expelled, or taken into custody by a law enforcement officer under Chapter 37 of the Education Code.

Not later than the first day of the 2025-2026 school year, the Texas Education Agency (TEA) shall prepare and provide to each school district a report identifying each law relating to school discipline that was amended or added by the 89th Legislature, Regular Session, 2025. A school district shall provide to each student and the parent of or person standing in parental relation to the student the prepared report.

Because the Code of Conduct is adopted by the district's board of trustees, it has the force of policy. In the event of a conflict between the Code of Conduct and the Student Handbook, the Code of Conduct shall prevail.

Please note: The discipline of students with disabilities who are eligible for services under federal law (Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973) is subject to the provisions of those laws.

Campus Behavior Coordinator

As required by law, a single person at each campus must be designated as the campus behavior coordinator (CBC). The designated person may be the campus principal or any other campus administrator selected by the principal. Additional staff members may assist the CBC in the performance of the CBC's duties, provided that the CBC personally verifies that all aspects of Chapter 37, Subchapter A are appropriately implemented. The campus behavior coordinator is primarily responsible for maintaining student discipline. The CBC shall monitor disciplinary referrals and report the following behavior to the campus's threat assessment and safe and supportive school team:

- Conduct that contains the elements of the offense of terroristic threat under Penal Code 22.07;
- Conduct that contains the elements of the offense of unlawfully carrying weapons under Penal Code 46.02;
- Conduct that contains the elements of the offense of exhibiting, using, or threatening to exhibit or use a firearm under Education Code 37.125; and
- Any concerning student behaviors or behavior trends that may pose a serious risk of violence to the student or others.

The district shall post the email address and telephone number of the person serving as campus behavior coordinator on its website and in the Student Handbook for each campus. Contact information may be found at www.birdvilleschools.net and www.birdvilleschools.net/studenthandbooks.

Threat Assessment and Safe and Supportive School Team

The campus behavior coordinator or other appropriate administrator will work closely with the campus threat assessment safe and supportive school team to implement the district's threat assessment police and procedures, as required by law, and shall take appropriate disciplinary action in accordance with the Code of Conduct.

“Parent” Defined

Throughout the Code of Conduct and related discipline policies, the term “parent” includes a parent, legal guardian, or other person having lawful control of the child.

Standards and Expectations of Student Behavior

All students are entitled to enjoy the fundamental rights of citizenship recognized and protected by law for persons of their age and maturity. The school will foster a climate of mutual respect for the rights of others. Students are expected to respect the rights and privileges of other students, teachers, and district staff. The district's rules of conduct and discipline are established to achieve and maintain order in the school. Students who violate the rights of others or who violate district or school rules will be subject to disciplinary measures designed to correct the misconduct and to promote adherence by all students to their responsibilities as citizens in the school community.

Administrative Considerations

The Texas Education Code now requires the Student Code of Conduct to specify that the district will consider self-defense, intent, disciplinary history, and disability when making decisions regarding a student's out-of-school suspension, placement in a DAEP, expulsion, or placement in a JJAEP, regardless of whether the decision involves a mandatory or discretionary action. Previously, consideration of these factors was left to the district's discretion.

This Handbook is designed to be in harmony with Board Policy. State Law allows annual updates, but policy adoption and revisions may occur throughout the year. Policy changes that affect these will be made available to students and parents through newsletters and other communications. In case of conflict between School Board Policy and any provisions of this Code of Conduct Book, the provisions most recently adopted by the Board of Trustees will be followed.

Students with Disabilities

The discipline of students with disabilities is subject to applicable state and federal law in addition to the Code of Conduct. In the event of any conflict, the district shall comply with federal law. For more information regarding discipline of students with disabilities, see policy FOF(LEGAL).

In accordance with the Education Code, a student who receives special education services may not be disciplined in a manner that results in a change to the student's educational placement for conduct meeting the definition of bullying, cyberbullying, harassment, or making hit lists [see Glossary] until an Admission, Review, and Dismissal (ARD) committee meeting has been held to review the conduct.

In deciding whether to order suspension, DAEP placement, or expulsion, regardless of whether the action is mandatory or discretionary, the district shall take into consideration a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct.

Parental Involvement

The district has not adopted a policy for parental involvement in school disciplinary placements under Education Code 37.0014

After the review, the student or the student's parent shall have the opportunity to present arguments for the student's return to the regular classroom or campus.

Federal law requires that a student expelled for a firearms violation must be expelled from the student's regular campus for at least one year, subject to individual modifications made by the Superintendent.

Disciplinary Option:

1. Discretionary Expulsions (Texas Education Code 37.007)
2. Mandatory Expulsions (Texas Education Code 37.007) JJAEP up through graduation.

2. Elementary students cannot be placed in a Disciplinary Alternative Education Program with students not in elementary school.
3. Students between six and ten years of age who commit an expellable offense must be placed in a Disciplinary Alternative Education Program.

DAEP and Newly Enrolled Students

The district shall continue the DAEP placement of a student enrolled in the district and was assigned to a DAEP in an open-enrollment charter school or another district, including a district in another state.

The district shall continue the expulsion (JJAEP) placement of any newly enrolled student expelled from another district or an open-enrollment charter school until the period of the expulsion is completed.

When a student enrolls in the district with a DAEP placement from a district in another state, the district has the right to place the student in DAEP to the same extent as any other newly enrolled student if the behavior committed is a reason for DAEP placement in the receiving district.

Virtual Expulsion Program

In some circumstances, a student may be placed in a virtual expulsion program.

- The school must ensure students in the program have the necessary technology and internet and must provide it if needed.
- The virtual program must, as much as possible, meet the same requirements as an in-person disciplinary alternative education program (DAEP).
- The student's placement must be reviewed every 45 school days.
- If an in-person spot becomes available, the school should plan the student's return to in-person learning.
- If continued virtual placement is appropriate, the school must document the decision.

Consideration of Virtual Education as Alternative to Expulsion

Before a school district may expel a student, the district must consider the appropriateness and feasibility of, as an alternative to expulsion, enrolling the student in a full-time hybrid program, full-time virtual program, full-time hybrid campus, or full-time virtual campus. This requirement does not apply to a student expelled under Education Code 37.0081 or 37.007(a), (d), or(e). Graduating Senior's to DAEP or JJAEP

DAEP or JJAEP – When students complete the requirements for graduation while in the DAEP program or JJAEP, they will receive their high school diploma by certified mail. These students **will not** be allowed to participate in the graduation ceremony. Seniors assigned to the DAEP after the deadline for graduation supply orders simply forfeit the cost of robe rental or purchase and must deal with the complications of announcements and invitations to the ceremony.

DAEP Placement – If a student is assigned to the DAEP program during their senior year, the high school principal will determine if they will participate in the graduation ceremonies. If the student has not completed the assigned days due to unexcused absences, withdrawal, transfer to another school district, or time being added while in the DAEP, the student may not be allowed to participate in the graduation ceremonies.

The home campus principal will make any decisions concerning the graduation ceremonies of a student in the DAEP.

Procedural Due Process

District Alternative Education Placement (DAEP)

A student may be placed in the DAEP for behaviors prohibited in this code's General Conduct Violations section. Before placing a student in an alternative education program, the principal or appropriate school administrator shall conduct a conference at which the student shall be advised of the conduct with which he or she is charged, the basis for removal to the DAEP. The student shall be allowed to explain their version of the incident. The district shall make reasonable efforts to notify the parent before placing a student in an alternative education program. If the parent cannot be notified before placement, the parent shall be notified as soon as possible of the placement and the reason for the placement. For placement in the DAEP to extend beyond the end of the school year, a district administrator must determine that:

1. The student's presence in the regular classroom or campus presents a danger of physical harm to students or others or
2. The student has engaged in severe or persistent misbehavior that violates the Student Code of Conduct or
3. School action on the offense for which the student is placed in the DAEP takes place during the final grading period of the year.

If charges have been dropped against a student placed in the DAEP for felony offenses other than Title 5 offenses:

1. The Superintendent or designee must review the placement with the parent or guardian within three days of receiving notice the charges have been dropped.
2. The student remains in the DAEP pending review.
3. The student may remain in the DAEP if the Superintendent or designee believes the student poses a threat to the safety of students or teachers.
4. The Superintendent or designee's decision may be appealed to the Board:
5. The student remains in the DAEP pending appeal,
6. The Board confirms or reverses the decision of the Superintendent or designee,
 - a. A record must be made of the appeal proceedings,
 - b. The Board informs the student and parent of their right to appeal to the Commissioner of Education.

An appeal is limited only to cases where the student is left in the DAEP after charges are dropped.

DAEP at Capacity

If the DAEP is at capacity at the time the CBC is deciding placement for conduct related to marijuana, THC, an e-cigarette, alcohol, or an abusable volatile chemical, the student shall be placed in ISS then transferred to the DAEP for the remainder of the period if space becomes available before the expiration of the period of the placement.

If the DAEP is at capacity at the time the CBC is deciding placement for a student who engaged in violent conduct, a student placed in a DAEP for conduct related to marijuana, THC, an e-cigarette, alcohol, or an abusable volatile chemical may be placed in ISS to make a position in the DAEP available for the student who engaged in violent conduct. If a position becomes available in the DAEP before the expiration of the period of the placement for the student removed, the student shall be returned to a DAEP for the remainder of the period.

Restrictions During Placement

State law (TEC 37.006) prohibits a student placed in the DAEP for reasons specified in state law from attending or participating in school-sponsored school-related activities.

A student placed in the DAEP shall not be provided transportation unless they are a student with a disability who is entitled to transportation in accordance with the student's IEP or Section 504 plan.

Expulsion to Juvenile Justice Alternative Education Program (JJAEP)

Before a student is expelled, he or she shall have the right to a hearing before the campus administrator that meets the standards for due process under the federal constitution, which includes the following:

1. Prior written notice of the charges and the proposed sanctions to afford a reasonable opportunity for preparation.
2. Right to a full and fair hearing before the campus administrator.
3. Right to representation by legal counsel, by a parent or guardian, or by any other adult who is not an employee of the school district.
4. Opportunity to testify and present evidence and witnesses in one's defense.
5. Opportunity to examine the evidence presented by school administrators and the right to question school administration witnesses. Special consideration may be given to the victim or witnesses depending on the witness or victim's age, health, sensitivity, and well-being.
6. A notice of the hearing and an invitation to attend shall be sent to the student's parent or guardian. The written notice shall advise the nature of evidence and the names of witnesses whose testimony may be used against the student. An expulsion hearing may proceed without the student or their representative if the district has made a good faith effort to provide notice of place and time. The decision of the campus administrator shall be based exclusively on the evidence presented at the hearing.
7. The campus administrator's final decision shall be communicated to the student and parent within five days. If the decision to expel is made, the campus administrator shall provide a written order outlining the expulsion terms and length no later than the second business day after the hearing. A copy of the expulsion order will be delivered to the authorized officer of the juvenile court of the county in which the student resides. Parents are responsible for the supervision of the student during the expulsion term.

Appeals

Questions from parents regarding disciplinary measures should be addressed to the teacher, campus administration, or campus behavior coordinator, as appropriate. Appeals or complaints regarding the use of specific discipline management techniques should be addressed in accordance with policy FNG(LOCAL). A copy of the policy may be obtained from the principal's office, the campus behavior coordinator's office, the Student Services Department, or through Policy Online at the following address: www.birdvilleschools.net

The district shall not delay a disciplinary consequence while a student or parent pursues a grievance. In the instance of a student who is accused of conduct that meets the definition of sexual harassment as defined by Title IX, the district will comply with applicable federal law, including the Title IX formal complaint process. See policies FFH(LEGAL) and (LOCAL).

Limited Appeal of Certain Administrative Decisions

Extracurricular Honor Code

Participation in extracurricular activities in the Birdville Independent School District is a privilege, not a right.

The term “extracurricular activities” means, without limitation, all interscholastic athletics, cheerleading, drill team, academic clubs, special interest clubs, musical performances, dramatic productions, student government, and any other activity or group that participates in contests, competitions, or community service projects on behalf of or as a representative of Birdville ISD. The term includes any non-curricular event and membership or participation in groups, clubs, and organizations recognized and approved by the school district or campus. All extracurricular activity participants are subject to the provisions of the Birdville ISD Student Code of Conduct and this Extracurricular Honor Code. Campus administration and other appropriate personnel will investigate investigations resulting from Honor Code violations.

Jurisdiction

Student participation in extracurricular activities is encouraged. Birdville ISD makes extracurricular activities available as an extension of the regular school program, with this important difference; participation in the regular curriculum is a right afforded to each student, while participation in the extracurricular program is a privilege that carries additional expectations for acceptable conduct. Students engaging in extracurricular activities represent not only themselves, but also other students and the school district when performing, competing, or participating in extracurricular activities and while wearing uniforms or other clothing that identifies the student to the community or public in any setting as Birdville ISD students.

Important goals of the extracurricular program are to give students direction in developing self- discipline, responsibility, pride, loyalty, leadership, teamwork, respect for authority, and healthy living habits.

Based on this philosophy, extracurricular participants must do the following at all times:

1. Demonstrate the importance of academic excellence by maintaining eligibility through high academic standards.
2. Practice good citizenship in all environments by respecting the property and right of others.
3. Be free from activities that result in felonious charges.
4. Demonstrate knowledge of and be accountable for the individual rules of the extracurricular organization as outlined by the sponsor.

It is the responsibility of students, parents, sponsors, or coaches, and the respective directors to ensure this high level of expectation. This code applies to all participants of extracurricular activities throughout the calendar year.

On-Campus Behavior

All students are expected to adhere to the Birdville ISD Code of Conduct as it applies to school-related activities. Students involved in extracurricular activities are expected to exhibit the highest standards of ethics and conduct.

Students who violate school policies and are placed in in-school suspension, suspended or sent to the DAEP (District Alternative Education Program), may not practice nor participate during the suspension or placement. Chapter 37 of the Texas Education Code prohibits a student who is assigned to the DAEP from being on a campus or attending a school activity, whether on or off campus.

Off-Campus Behavior

All students who participate in extracurricular activities are expected to exhibit the highest standards of ethics and conduct while off-campus, and these students may be disciplined for their off-campus behavior.

Examples of off-campus violations that will lead to disciplinary action:

1. Possession of tobacco, alcohol, steroids, drugs, look-alike drugs, or other illegal substances on campus or at school-sponsored activities.
2. Being at parties or other activities where tobacco, alcohol, steroids, drugs, look-alike drugs, or other illegal substances are present or being consumed by other individuals.
3. Engaging in serious misbehavior, as defined by the Birdville ISD Student Code of Conduct
4. Conduct that causes injury or harm to others property or persons.
5. Using profanity, lewd or vulgar language, or obscene gestures toward others.
6. Any conduct that results in an arrest.
7. Sexting or other inappropriate internet or electronic communications.
8. Bullying, harassment and hazing at all times.
