|       | The Title I stakeholder meeting was held to revise and submit the required annual Title I the School Wide plan. This annual plan reviews the previously released PA Future Ready Index data in order to revise current action plans and align with the current year's grant funds.                                                          |
|       | All elementary staff received the required "Structured Literacy" training. Learners obviously need to be literate in all areas of study and therefore we all need to be considered teachers of literacy. The specific math facilitators also received mClass math intervention training to support the identified tier II and III learners. |
|       | Currently all staff are conducting their beginning of the year round robin sessions to acquire all background information on their learners to best support starting day one. These sessions will also include all the required safety training.                                                                                            |

| Dates | Secondary School Curriculum Topics                                                                                                                                                                                                               |

|       | We have received raw PSSA and Keystone data but not the summative granular data drilling down to each anchor yet. The PA Future Ready Index from 24-25 will not arrive until late October. |

| Dates | General                                                                                                                                                                                                 |
|-------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|       | The Title II, III, and IV were all finally released this week. We are currently in the process of re-writing these grants for re-submission.                                                            |
|       | We completed the new learning facilitator induction this week per the agenda shared last Tuesday. We had 8 learning facilitators, 1 nurse and 1 school psychologist replacing retirees or resignations. |
|       | The 2025 PV MCL "Chippy Award" awarded at convocation was given to Dale Amspacher for his tireless efforts with the E-Sports team. Dale has 25 learners engaged on the PV team.                         |
