To: Board of Directors
From: Ross Short, Interim Technology Director
Subject: Microsoft Licenses
Date: August 19, 2025
Type: Action Required

This memo serves to recommend the purchase of Microsoft software licences through WSIPC via the Microsoft EES Agreement. This is a renewal of our existing licenses which are used to power our servers, staff computers, student work stations, and productivity software. This software is essential to district operations and student learning. They are provided to us through a discount program from Microsoft through WSIPC.

Recommendation:

We recommend the board move to approve the purchase of Microsoft software licences through WSIPC for the 2025-26 school year.
