Dear Potential Traveler,

We're so excited that you are considering traveling with us next summer! Group travel is a wonderful way to travel safely and comfortably while exploring the amazing world and getting to know the wonderful people of various cultures that God created.

This trip will be especially meaningful as we will be journeying to some of the locations where Paul traveled as he built the early Church. We have chosen a Christ-centered travel company, Joshua Expeditions, whose base is here in North Texas (McKinney) to ensure that a biblical worldview is presented everywhere we go. It will be amazing to stand in places that Paul himself did 2000 years ago.

The Footsteps of Paul trip is NOT the same as Week without Walls. In that program, MS and US students travel and serve the week before Spring Break, and it is limited to students and faculty. However, **this trip is for (almost) everyone** - parents/families with children 10 and above, solo US students (GREAT senior trip idea!), parent couples without children, grandparent/grandchild combinations - we want this trip to build community with our Liberty Family.

A final note, sign-ups for this trip need to occur quickly in order to secure the dates we have chosen. Because it includes 3 days aboard a cruise ship, space is limited. It fills rapidly as it is in such high demand because not many school-friendly travel companies have a Christ-centered offering like this. **So if you are interested, save your spot by paying deposits as soon as possible using the information below**. Prices go down as more travelers sign up, so spread the word!

Please let us know if you have any questions. We have taken many trips like this before, so you can be assured that we will do our best to help in any way and make this a fantastic adventure!

In Him,

Mrs. Sharon Ramsey sharon.ramsey@mylcs.com
Ms. Heather Lytle heather.lytle@mylcs.com
