How to ADD a NEW Student to an EXISTING Parent Account

Log in to your existing Parent Canvas Account with your credentials.

Tap the + **Add Student**

Get Your Student's Pairing Code

The pairing code is a 6-character combination of letters and numbers.

It's case-sensitive and expires after 7 days or once used.

Your student must be logged into their Canvas account on their iPad.

On the Student Canvas App on the Student's iPad, complete the following:

Tap three lines in the left-hand corner

Choose Settings

Select Pair with Observer.

Copy the code shown

Enter the pairing code
