"This meeting is a meeting of the Board of Education in public for the purpose of conducting the School District's business and is not to be considered a public community meeting. Public participation is governed by Board Bylaw 0169.1 - Public Participation at Board Meetings."

I. Call to Order

II. Attendance: Eric Rutherford, Brian Hughes, Hannah Madaras, Jared Cooper

III. Discuss the purpose and goals of the committee.
- The group questioned if the topics of drug, alcohol, and mental health might be best served in another committee such as the Wellness Committee.
- If these topics move committees, a name change was proposed to the "School and Student Safety Committee." The focus of this committee would be on physical and cyber safety.

IV. Discuss the addition of drug testing at Eastwood High School.
- With Eastwood being the only school in the conference without a form of drug testing, the committee proposed looking into a board policy that would allow Eastwood to begin drug testing.
- Mr. Hughes is going to contact Neola for a policy template that covers drug testing for students in extracurricular activities and parking permits at Eastwood High School.

V. Consider the addition of vape sensors at Eastwood High School and Middle School.
- Mr. Hughes is going to get quotes for FlySense Vape Detectors to be installed in the high school and middle school bathrooms.

VI. Discuss the possibility of adding a second SRO to the district.
- Mr. Hughes is looking into the cost of adding an additional SRO to the district.
- Other districts have more than one SRO or have added a Safety Director. The committee was more in favor of the additional SRO.

VII. Review of the 2024 ADAMHS Survey Results for Eastwood and Wood County
- Caffeine and alcohol are the most used drugs by the students that took the survey.
- Caffeine intake was addressed by the Wellness Committee in January 2025.
