Visitor Aware

Real-time scanning against national sex offender registries and government watchlists.

ID Scan & Facial Verification:
Confirms your identity by scanning your ID and comparing it to a live photo.

Visitor Aware Privacy

We understand privacy is important. Visitor Aware was chosen not only for its safety features but also for its strong commitment to data protection:

- All data is encrypted and stored securely off-site — never on the device.
- Facial recognition is used only for verification during check-in, not for surveillance or ongoing monitoring.
- The system complies with all relevant privacy laws and district policies.
