Course Description

Floral Design is designed to develop students' ability to identify and demonstrate the principles and techniques related to floral design as well as develop an understanding of the management of floral enterprises. Through the analysis of artistic floral styles and historical periods, students will develop respect for the traditions and contributions of diverse cultures. Students will respond to and analyze floral designs, thus contributing to the development of lifelong skills of making informed judgments and evaluations. To prepare for careers in floral design, students must attain academic skills and knowledge, acquire technical knowledge and skills related to horticultural systems, and develop knowledge and skills regarding career opportunities, entry requirements, and industry expectations.

FFA

Enrollment in this course gives students the opportunity to join Shiner FFA. It is highly encouraged that students take advantage of this membership in a premier leadership organization. Information about Shiner FFA will be presented in class, on web page, Remind 101, and multiple other outlets.

Supplies

- Pens & Pencils... All Day, Every day.
- Large Spiral notebook- students must keep classwork in the order it is completed.

Supervised Agricultural Experience: Learning by Doing

Each student is required to develop an SAE, and document in AET. While working on an SAE project, students learn to apply the concepts and principles taught in their agriculture classes to real-world problems and scenarios. A student selects an SAE project based on his or her interest. SAE's are a key component of agricultural education and will be discussed more in depth during class.

Dear Parent/Guardian of _____,

Your child is enrolled in the Floral Design class at Shiner High School. This course will be classroom and laboratory-based, where the students will have the opportunity to learn hands on creating arrangements and practice skills associated with the course.

As with all laboratory classes, there is always a certain level of risk associated with the usage of sharp tools and chemicals. Some students are likely to be allergic to some plant materials.

At Shiner High School, we try our best to promote a safe learning environment and will not tolerate any unsafe behavior in the classroom. The laboratory is a place for learning valuable skills that can be used in various career fields. If you have any questions, please feel free to contact me by email.

I, _____, (student) have read the course syllabus and understand all the terms and conditions for enrolling in Floral. I agree to abide by the class rules and expectations. I agree to have a fun-filled learning experience!
