Hello Parent/Guardians,

The Cheney School District uses ParentSquare to communicate important school information with students and families. This platform will be the primary means for sharing school reminders, an easier method for connecting with teachers or other school staff, updates about school closures, and attendance notifications. Please follow the instructions below if you haven't already set up a ParentSquare account.

How to set up a Parent Square Account:

1. Go to parentsquare.com/signin (or install the ParentSquare app) and follow the prompts to sign up.
2. Use Google single sign-on, your email, or your phone number to set up your account. *Your email/phone number must match contact details in the school's database for this to work!*

If your contact details aren't recognized, contact your school office to get them added. *After they update your information in their database, the new contact details will appear in ParentSquare after the next daily sync, and you will be able to create an account.*

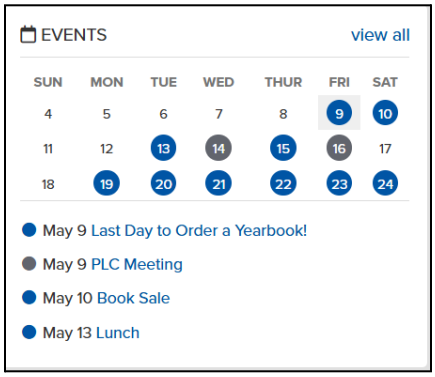

How to toggle between English and Spanish:

Click the button at the top right of the page to switch from English to Spanish. (see red box in the image below)

Check out the Events Calendar

The events calendar is found on the right side of the ParentSquare site. You will find everything from what's for lunch to parent meetings and field trips.

Thank you for setting up your account and using ParentSquare!
