

Parent & Family Engagement Compact

OUR COMMITMENT

At Alcott Elementary, we know students do better when families and schools work together. We want every parent and guardian to feel welcome, informed, and involved in their child's education.

WAYS TO GET INVOLVED

- Open House & Meet the Teacher Night
- Parent Workshops (reading, math, STAAR prep, technology)
- Family Engagement Nights (academics, fine arts, culture)
- Volunteer for events, or field trips
- Join SDMC

HOW WE PARTNER WITH YOU

We will:

- Communicate often through newsletters, social media, ClassDojo/Remind, and parent meetings.
- Invite you to participate in school activities, events, and decision-making committees.
- Provide learning tips so you can help your child at home.
- Respect and value your voice in all we do.

HELPING STUDENTS AT HOME

- We'll share easy learning strategies for reading, math, and more.
- You'll receive resources like reading lists, math games, and online tools.
- We'll host Curriculum Nights to show grade-level expectations and test prep.

QUESTIONS OR IDEAS?

We'd love to hear from you! Contact the school office or your child's teacher.
