Purpose and Plan Summary

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

☒

Schoolwide Program

Additional Targeted Support and Improvement

The purpose of the School Plan for Student Achievement (SPSA) is to describe how a school plans to meet schoolwide program planning requirements pursuant to the Every Student Succeeds Act (ESSA), which includes Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI), and Targeted Support and Improvement (TSI).

Arden Middle School met the criteria for ATSI for the following indicators and/or student groups:

- ELA - English learners and Students with Disabilities
- Math - Students with Disabilities
- Absenteeism - English learners and Students with Disabilities

Summarize the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

The SPSA is developed around three goals aligned to the State priority areas and the San Juan Unified Local Control and Accountability Plan (LCAP):

Goal 1: Student Achievement and Implementation of State Standards

Goal 2: Student Engagement and Course Access

Goal 3: School Conditions, Climate, and Family Engagement

Within each goal are actions that include programs, services, resources, and expenditures that meet state and federal requirements. Each action provides a description of how federal and state resources are allocated toward increasing and improving academic achievement, social-emotional outcomes, school culture and climate, and family involvement.

SPSA planning is guided by a continuous improvement process that includes cycles of action, reflection, and adjusting. This is done in collaboration with educational partners, which includes the School Site Council (SSC).

Comprehensive Needs Assessment Components

- What did your data show (disaggregated by student group)?
- What did your root causes analysis reveal?
- What resource inequities did you discover?

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Root Cause Analysis

Please refer to the School and Student Performance Data sections where a root cause analysis is provided.

Resource Inequities

Please refer to the School and Student Performance Data sections where resource inequities will be discussed.

Input from Educational Partners

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Whole staff analyzed assessment and school survey data; whole staff then completed a needs assessment and built consensus around allocation of LCFF funds for 2024-2025; School Site Council concurred with analysis and needs assessment, and approved the LCFF plan. The plan was shared and discussed with ELAC and SLT. The staff, SSC, SLT, and ELAC discussed the supports needed for student learning.

Student Population

The 2024 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

Overall Performance

The 2024 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

Lowest Performing Student Groups:

Which student groups are scoring at the lowest performing level on the dashboard indicator?

This includes student groups with “Red” Dashboard indicators or student groups with the lowest performance level (any color) compared to the overall rate.

We had four lowest performing student groups. Those four groups were English learners, Long Term English Learners, African Americans, and Students with Disabilities.

English learners scored 87.7 points below standard which was similar to the previous school year.

LTELs scores 139.8 points below standard which was a decline of 5 points from the previous year.

Students with Disabilities scored 83.5 points below standard which was a decline of 4.1 points from the previous year.

African American students scored 87.6 points below standard which was a decline of 26 points from the previous year.

In comparison, all students scored 8.1 points below standard which was a decrease of 5.7 points from the previous year.

Potential causes:

Reflecting on last year, what did we say, think, do, or feel that contributed to these results?

We had an increase number in students specifically EL student that may have contributed to these results. Our noticing's consisted of: needing I-Ready PD, and IXL PD for teachers, systems for targeting specific interventions is lacking, create a system for targeted before and after school tutoring.

What resources (i.e., personnel, programs, services, material, supplies) are needed to improve outcomes for your lowest performing student groups?

Extras hours for staff to create a system of tutoring, IXL is a targeted intervention program, and purchase supplemental technology to engage our ELL's low SES and foster/homeless population.

This includes student groups with “Red” Dashboard indicators or student groups with the lowest performance level (any color) compared to the overall rate.

Our lowest performing student groups were English learners, Long Term English Learners, Students with Disabilities, African American, and Asian.

English learners scored 134.9 points below standard which was a decrease of 13.9 from the previous year.

LTELS scored 179.5 points below standard which was a decrease of 11.7 from the previous school year.

Students with Disabilities scored 168.3 points below standard which was a decrease of 20.3 from the previous year.

African American students scored 149.7 points below standard which was a 37.6 point decrease from the previous year.

Asian students scores 121.7 points below standard which was a decrease of 35.1 points from the previous year.

In comparison, all students scored 55.0 points below standard which was a decrease of 18.1 points from the previous year.

Potential causes:

Reflecting on last year, what did we say, think, do, or feel that contributed to these results?

Increase number of EL's and staff lacks training on how to provide support for this diverse group of students. Our noticing's consisted of: needing I-Ready PD, and IXL PD for teachers, systems for targeting specific interventions is lacking, create a system for targeted before and after school tutoring.

What resources (i.e., personnel, programs, services, material, supplies) are needed to improve outcomes for your lowest performing student groups?

Lowest Performing Group:

Looking at your ELPI groups, where did you see the greatest growth and what data point is an area for improvement?

35.6% of our students progressed at least one level on ELPAC.
42.6% of our students maintained their progress level at Level 1, 2L, 2H, 3L, or 3H.
20.8% of our students decreased on their ELPAC school.

Potential causes:

Reflecting on last year, what did we say, think, do, or feel that contributed to these results?

Arden had a influx of newcomers as of December 2023. In addition to the influx of newcomers, we acknowledge that we did have a designated English Language Development teacher. We now that ELD is a requirement yet the mindset and training of our teachers is an area of growth.

What resources (i.e., personnel, programs, services, material, supplies) are needed to improve outcomes for your lowest performing student groups?

Supplemental supplies and materials for D.ELD
Extra hours for tutoring before school and afterschool specifically for our newcomer students.

There are many lowest performing student groups. Those groups are English learners, Long Term English learners, Socioeconomically Disadvantaged, Students with Disabilities, African American, Asian, and Hispanic.

36.2% of our English learners were chronically absent which was an increase of 8.2 from the previous year.

31% of our LTELs were chronically absent which was an increase of 2.7 from the previous year.

29.5% of our Socioeconomically Disadvantaged students were chronically absent which was similar from the previous year.

35.4% of our Students with Disabilities were chronically absent which was an increase of 9 from the previous year.

36.8% of our African American students were chronically absent which was an increase of 3.5 from the previous year.

29.2% of our Asian students were chronically absent which was an increase of 4.9 from the previous year.

25.2% of our Hispanic students were chronically absent which was an increase of 1.4 from the previous year.

In comparison, 20.2% of all students were chronically absent which was an increase of 2 from the previous year.

Potential causes:

Reflecting on last year, what did we say, think, do, or feel that contributed to these results?

System for tardies to create accountability and communication to families and students. SARB process is lacking and SART process for address attendance concerns. Work with AIP monthly to discuss students of concern and create a plan. Team meetings to discuss attendance and develop interventions.

What resources (i.e., personnel, programs, services, material, supplies) are needed to improve outcomes for your lowest performing student groups?

Implementing a revised attendance team targeting specific student groups.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

Lowest Performing Student Groups:

Which student groups are scoring at the lowest performing level on the dashboard indicator?

This includes student groups with “Red” Dashboard indicators or student groups with the lowest performance level (any color) compared to the overall rate.

Our lowest performing student group was African American students.
24.1% of our African American students were suspended at least one day which was an increase of 7.5%.
In comparison, 5.9% of all students were suspended at least one day.

Potential causes:

Reflecting on last year, what did we say, think, do, or feel that contributed to these results?

We acknowledge that cultural relevant practices, building relationships, de-escalation, and restorative practices is a need for professional learning.

What resources (i.e., personnel, programs, services, material, supplies) are needed to improve outcomes for your lowest performing student groups?

PBIS, WEB, IYT, Student leadership, SCIS, Restorative conversations, alternatives to school suspensions.

ANALYSIS

What data did you use to monitor progress and how often?

CAASPP, I-Ready, District Survey Results Spring 2025

What worked and didn't work? Why? (monitoring)

Homeroom, before and after school tutoring, IXL intervention support, student planners and increasing behavior supports. We need to increase the intervention supports for attendance.

What modification(s) did you make based on the data? (evaluation)

Continuing homeroom for the next 2 years and repurchasing planners to help continue the communication and involvement from parents, IXL, increasing tutoring make it more accessible to all student groups.

2025-26

Identified Need

Extras hours for staff to create a system of tutoring, IXL is a targeted intervention program, and purchase supplemental technology to engage our ELL's low SES and foster/homeless population.

Extras hours for staff to create a system of Math tutoring, IXL for Math, and purchase supplemental technology to engage our ELL's low SES and foster/homeless population.

Supplemental supplies and materials for D.ELD

Extra hours for tutoring before school and afterschool specifically for our newcomer students.

Annual Review

SPSA Year Reviewed: 2024-25

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

What data did you use to monitor progress and how often?

District climate survey, suspension data, and safety committee feedback

What worked and didn't work? Why? (monitoring)

Our suspension percentage rate increased for all populations. The district survey regarding safety indicated that students feel less safe than previous years.

What modification(s) did you make based on the data? (evaluation)

SCIS position was hired to help reduce suspensions and make students feel safe at school. PBIS funding and support was geared towards increasing positive behaviors. With the increase in our EL's we designated funding to help support education and behavior.

Identified Need

Based on the Comprehensive Needs Assessment and the above analysis of this goal, through a collaborative process with educational partners, the following need has been identified:
Decrease suspension rates for all students. Increase students perception of safety on campus and address their needs through PBIS and SCIS support and listening sessions.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 4 Classroom Teachers
- 0 Other School Staff
- 5 Parent or Community Members
- 0 Secondary Students

| Name of Members | Role |
|------------------|----------------------------|
| Teresa Cummings | Principal |
| Hayme Lake | Classroom Teacher |
| Kristen Vathis | Classroom Teacher |
| Cathy Franz | Classroom Teacher |
| Irene Arduini | Parent or Community Member |
| Ashlee Gadd | Parent or Community Member |
| Dustin Hunter El | Parent or Community Member |
| Irit Winston | Parent or Community Member |
| Armando De Leon | Parent or Community Member |
| Tessa Green | Classroom Teacher |

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

on file

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on May 20, 2025.
