Purpose and Plan Summary

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

☒ Schoolwide Program

☒ Targeted Support and Improvement

The purpose of the School Plan for Student Achievement (SPSA) is to describe how a school plans to meet schoolwide program planning requirements pursuant to the Every Student Succeeds Act (ESSA), which includes Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI), and Targeted Support and Improvement (TSI).

Grand Oaks has been identified as meeting the criteria for Additional Targeted Support and Improvement specifically for English learners.

Summarize the school’s plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

The SPSA is developed around three goals aligned to the State priority areas and the San Juan Unified Local Control and Accountability Plan (LCAP):

Goal 1: Student Achievement and Implementation of State Standards

Goal 2: Student Engagement and Course Access

Goal 3: School Conditions, Climate, and Family Engagement

Within each goal are actions that include programs, services, resources, and expenditures that meet state and federal requirements. Each action provides a description of how federal and state resources are allocated toward increasing and improving academic achievement, social-emotional outcomes, school culture and climate, and family involvement.

SPSA planning is guided by a continuous improvement process that includes cycles of action, reflection, and adjusting. This is done in collaboration with educational partners, which includes the School Site Council (SSC).

Comprehensive Needs Assessment Components

- What did your data show (disaggregated by student group)?
- What did your root causes analysis reveal?
- What resource inequities did you discover?

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Root Cause Analysis

Please refer to the School and Student Performance Data sections where a root cause analysis is provided.

Resource Inequities

Please refer to the School and Student Performance Data sections where resource inequities will be discussed.

Input from Educational Partners

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Throughout the school year ELAC and Site Council met to review goals, actions and budgets relating to student data points.

These meetings were in September, January, February, May 2025. Each time we met we gathered input and feedback.

In Spring of 2025 the SPSA was reviewed by both ELAC and School Site Council on May 20, 2025.

Student Population

The 2024 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

Overall Performance

The 2024 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

Lowest Performing Student Groups:

Which student groups are scoring at the lowest performing level on the dashboard indicator?

This includes student groups with “Red” Dashboard indicators or student groups with the lowest performance level (any color) compared to the overall rate.

in the 2024 CAASPP assessments:

All students 59.9 points below standard which was similar to the previous school year by 2.6 points.

Our lowest performing students groups were English Learners and Hispanic students.

English Learners scored 111.5 points below standard which was a decrease of 28.9 points from the previous year.

Hispanic students scored 71.8 points below standard which was a decrease of 5.3 points from the previous year.

Potential causes:

Reflecting on last year, what did we say, think, do, or feel that contributed to these results?

Although GLAD strategies were implemented throughout the school year, the implementation and monitoring using iReady may not have been the best progress monitoring tool.

Small group reading instruction as well as fluid groups were implemented yet may not be meeting the specific needs of our Hispanic and English learner students. Culturally relevant materials as well as strategies around guided reading using ELPAC type reading techniques were lacking.

English learner attendance had the highest percentage of chronically absent, these absences could contribute to students not feeling a part of the community at school and may contribute to slower academic growth.

What resources (i.e., personnel, programs, services, material, supplies) are needed to improve outcomes for your lowest performing student groups?

Intervention teacher - K-2

Purchase supplemental materials specific to guided reading incorporating integrated ELD strategies as well as cultural relevant materials and supplies.

Before and After School tutoring to support literacy and Math principally directed towards to EL and Hispanic students (but not limited to).

Potential use of 0.5 Intervention teacher to address learning gaps primarily with our EL and Hispanic students but limited to those groups.

Lowest Performing Student Groups:

Which student groups are scoring at the lowest performing level on the dashboard indicator?

This includes student groups with “Red” Dashboard indicators or student groups with the lowest performance level (any color) compared to the overall rate.

All students scored 59.3 points below standard which was an increase of 11.5 points.

Lowest performing student groups were English learners.

English learners were 105.1 points below standard which was a decrease of 18.4 points from the previous school year.

Potential causes:

Reflecting on last year, what did we say, think, do, or feel that contributed to these results?

Through discussions with School Site Council as well as Site Leadership team, we acknowledge that the additional 3rd grade class that was added in early March, may have contributed to some of these results. With that said, professional learning around Mathematical practices were implemented yet may not have addressed the language need of our English learners as we had hoped.

Some additional considerations that were discussed included engagement as well as attendance. Some of our EL and Hispanic students may not feel connected to our Mathematical curriculum causing a disconnect.

What resources (i.e., personnel, programs, services, material, supplies) are needed to improve outcomes for your lowest performing student groups?

Professional learning around integrated strategies including but not limited to GLAD and vocabulary development in Math.

Supplemental supplies above and beyond core specifically for culturally relevant material and GLAD strategies.

Before School and After School tutoring beyond homework completion.
Potential use of 0.5 Intervention teacher to address learning gaps primarily with our EL students but limited to.

Lowest Performing Group:

Looking at your ELPI groups, where did you see the greatest growth and what data point is an area for improvement?

48% of our English learners have maintained their ELPAC levels.
In addition, 18% of our students decreased one level.
One highlight is that 34% of our students made at least one level gain on ELPAC.

Potential causes:

Reflecting on last year, what did we say, think, do, or feel that contributed to these results?

Last year, our Designated ELD classes did not have a structured program. EL students were put onto the computer for LEXIA core. Expectations were lower due to belief of learning the new language.

What resources (i.e., personnel, programs, services, material, supplies) are needed to improve outcomes for your lowest performing student groups?

EL Achieve program, Professional Development on researched based strategies to support EL student need in both Designated and Integrated ELD.
Focus on vocabulary across all classrooms.

Supplemental supplies and materials above and beyond Designated ELD.

Lowest Performing Student Groups:

Which student groups are scoring at the lowest performing level on the dashboard indicator?

This includes student groups with “Red” Dashboard indicators or student groups with the lowest performance level (any color) compared to the overall rate.

24.4% of all students were chronically absent which was a decrease of 9.1% from the previous school year. Our lowest performing student groups were English learners, Hispanic, Homeless, and African American students. 30.5% of our English learners were chronically absent which was a 0.7% decrease which was not significant. 28.6% of our Hispanic students were chronically absent which was a 7.4% decrease from the previous year. 40% of our Homeless students were chronically absent which was a 10% decrease from the previous school year. 36.4% of our African American students were chronically absent which was a 20.8% decrease from the previous school year.

Potential causes:

Reflecting on last year, what did we say, think, do, or feel that contributed to these results?

Monthly attendance meetings were held with the District yet may not have targeted those students who needed it. Students were celebrated with increased attendance rates. Community partnerships as well Food Banks were used as a means to increase access to school. We acknowledge that there may have been additional disruptions on campus in the 2023-24 school year yet revisions could have been made.

What resources (i.e., personnel, programs, services, material, supplies) are needed to improve outcomes for your lowest performing student groups?

Additional clerk hours to address chronically absent students to include HTC meetings, Attendance Academy, and proactive parent outreach.

Home visits for staff to target chronically absent students.

Award ceremonies for students with increased attendance.

Food Bank and Community Partnerships will continue to increase student/parent engagement.

Potential causes:

Reflecting on last year, what did we say, think, do, or feel that contributed to these results?

Physical aggression was at a higher rate this past school year. Students may not feel as connected to school as they have in the past. Some of our students had more needs than previous school years. Staff training on how to handle aggressive as well as explosive behavior has been lacking. De-escalation techniques of staff have not been provided. Counselor and MTSS Social Worker provided restorative practices, one-on-one counseling, and small group social emotional skills groups.

What resources (i.e., personnel, programs, services, material, supplies) are needed to improve outcomes for your lowest performing student groups?

ANALYSIS

What data did you use to monitor progress and how often?

I-Ready - 3 x's a year, , student work - daily ongoing monitoring, assessments - end of units, writing - ongoing student work samples, Benchmark story tests- end of units, skills check,- daily/weekly based on student need, whiteboard feedback during lessons, ELPI, CAASPP 2024, text levels -3 x;s a year

What worked and didn’t work? Why? (monitoring)

What worked for most students: benchmark -GLAD strategies Benchmark spiral review. Benchmark curriculum needs to be enhanced with anchor charts and visuals, Skills focus based on assessment in small group intervention, Sonday, UFLI, small groups, vocabulary focus, Scholastic Guided Reading --Didn't work - benchmark moves too quickly for strategy mastery, students grow but are not at standard;

What modification(s) did you make based on the data? (evaluation)

fluid small groups for instruction, reteach, teachers planning lessons together, Professional Development on strategies to support English Learners.

2025-26

Identified Need

English Learners need high expectations and supports to scaffold instruction in classrooms; implementing comprehensive English language development curricula that integrate listening, speaking, reading, and writing skills.

ANALYSIS

What data did you use to monitor progress and how often?

PBIS SWIS forms, Q entries for behavior, wellness team meetings, Q visit entries - These data points are monitored bi-weekly. SAEBERS/mySAEBERS - in Fall and Spring

What worked and didn't work? Why? (monitoring)

Our systems for counseling groups and 1:1 are working because students needs are being met. Reteaching of school wide expectations are working. Restorative practices to help students to problem solve have had positive effects on students. Morning meetings and sharing problems to solve as a classroom group. For some students; develop behavior support plans and add 1:1 behavior aide to support the BSP

What modification(s) did you make based on the data? (evaluation)

SWD are suspended more often than they general population. Ensure tier 1 SEL are being reinforced in the classroom. Small social groups to help SWD problem solve at point of difficulty so students make the correct decisions.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members
- 0 Secondary Students

Name of Members	Role
Suzanne Landuyt	Principal
Sara O'grady	Other School Staff
Dana Alvarez	Classroom Teacher
Michelle Henrie	Classroom Teacher
Sofia Vankova	Parent or Community Member
Kiesha Hardeman	Parent or Community Member
Tanya Morgan	Parent or Community Member
Anne Hotz	Classroom Teacher
Viktorii Muradian	Parent or Community Member
Patricia Brown	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature	Committee or Advisory Group Name
	English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on May 12th, 2025.

Attested:

	Principal, Suzanne Landuyt on May 12th, 2025
	SSC Chairperson, Elise Huggins-Ginsburg on May 12th, 2025
