Technology Report
School Board Meeting
August 19, 2025

The new batch of Chromebooks came in. I have been working on getting those in the classrooms and trading out the old ones.

The school will be moving to a Google SSO and away from our current domain-based logins. This will continue throughout the year. We have already moved all student devices to Google SSO.

Schoolhouse IT was here at the end of July for 2 days working on the server, chrome books and logins.

August 2025 Elementary Principal Board Report

-NWEA-MAPS rostering complete. We plan to test right out of the gate and have a majority of the testing completed before the Labor Day long weekend. Anyone not finished we will catch the next week.

-Due to a late resignation, April Wills has been moved to middle school social studies. This leaves us with both second and fourth grade being single class grade levels. We will use two of our paras to aid these classrooms as needed.

-I will be working with four paras once again this year to assist our teachers and students. We made great progress in getting the Title program to reflect our goals as a school and I look forward to continuing making progress on those goals.

-Math training was held for the new curriculum grades K-5 August 14, 2025. Middle school and high school were sent video training for their curriculum from the company as they do not have personalized training for those grade levels.

-Angi Iverson and Lee Vandall attended science training for the grant we are working with Montana State University. We started this process with MSU in the fall of 2023. The following is an overview of the grant.

Scientific Sensemaking about Place-Based Phenomena: Mobilizing Rural Elementary Teacher Learning

Project Overview: We invite you to join our research initiative to prioritize science education in rural elementary schools. Our project, "Scientific Sensemaking about Place-Based Phenomena: Mobilizing Rural Elementary Teacher Learning," seeks to accelerate the transition to three-dimensional, phenomenon-driven science teaching by harnessing the potential of dedicated teacher leaders and the power of place-based phenomena. By supporting teachers through professional learning and resources to integrate local phenomena into two curricular units, we aim to make learning immediately engaging and relevant to students in rural communities. We are exploring our research questions in three states: Maine, Montana, and Hawaii.

Superintendent's Report

August 19, 2025

Staff shoutout this month goes out to Kaylynn and Lora! First, Kaylynn collected 100% of payments for student meal accounts! Second, she directed traffic for custodial and maintenance all summer. Thanks to her lists our crew was able to accomplish 98% of maintenance requests submitted by staff last spring! Huge shoutout to Lora for doing the entire budget! Not all clerks single handedly prepare the budget, but she does and I am grateful!

B. Other updates and items for your review:

1. Title Funding—Great news! The Federal Government has released all funding for the 2025-2026 school year so we will not have to take a \$36,000 deficit to that funding. The ESSA grant application is waiting to be submitted until OPI adds the released funds into our application. This grant is due September 30th and I am ready to submit as soon as the money gets released into the application.

2. Board Training—We are scheduled for board training from 4-6PM on Tuesday, September 16th prior to our regular September board meeting. Please be sure to put it in your calendars.
3. Open Classified Position---Currently we have 1 full time night custodian and 2 part-time student custodians. Later on in the agenda you will see that I am requesting the ability to post for a full-time custodian.
4. Elementary Bathrooms—The elementary bathrooms will not be ready for the first day of school as planned, but we will make due. The drop ceiling has been installed and the electricians were here to hang the lights. We hope the tile work will get underway before our meeting Tuesday night. Then the floor will be completed prior to re-installing the fixtures, stalls, and toilets.
5. Boiler Removal—The old coal boiler has been removed! Next up, we will secure that opening until we can install a garage door. Eventually we will be able to store lawn equipment or the school car in this area.
6. Kee Concepts—Kee Dunning and Stacy Stelflug will be presenting the 6 Kee Concepts to you at 5PM Tuesday. Their presentation will be a brief 15 minutes, but I think it is important for you to see what we are working on as a staff.
7. Shawna Heiser—We are tentatively scheduling Shawna Heiser to come present to our students and parents on Monday, September 29th. Shawna was born and raised in Sidney, and now resides in Bozeman. She is the director of Special Learning 1-ON-1 LLC, a licensed BCBA, and a senior lecturer of psychology at MSU-Bozeman. Shawna will be presenting on the serious brain effects of digital addiction. Parents will be invited to join our 6-12 students in a morning assembly at 8:40-9:40 and then our 3-5 students from 10:00-10:30.
8. Curriculum Committee—The curriculum committee will be scheduling a meeting with the HS teachers to discuss the weighted GPA. We could potentially have a proposal at the September or October board meeting.
9. Bus Route #3—We have officially put out the call for bids on bus route #3. In the meantime, Paul has agreed to rent us his bus and Larry Birch has agreed to fill in as the driver until September 20th. I hope we have a bid or multiple bids to open at our September 16th meeting.
10. Here are a few items that will be part of the next regular Board meeting agenda:
 - 4-6 PM Board Training
 - 2025-2026 Board Goals
 - Weighted Grading Scale for HS GPA-Curriculum Committee
 - Bids for Bus Route #3
 - 2nd reading of Policy 7330
 - Armory Cleaning

Policy 5140: Classified Employment and Assignment

Status: ADOPTED

Original Adopted Date: 02/01/2021 | **Last Revised Date:** 06/21/2022 | **Last Reviewed Date:** 06/21/2022

Classified Employment and Assignment

Employees designated as "classified" employees include all non-teaching positions or duties in the District.

Each newly hired classified employee will either be hired as a probationary employee with a beginning and ending date, within the meaning of Section 39-2-912(2), MCA. Employees initially hired on a written contract for a specific term will have no expectation of continued employment beyond the current contract term, and in the absence of Board action to offer a subsequent contract, the employment will automatically conclude at the conclusion of the contract term.

For those employees hired as probationary employees, such employees will be required to complete a probationary period of six months. Leaves of absence by an employee for a period of more than 5 consecutive working days other than holidays or vacations during the probationary period will not be counted as part of the probationary period.

During the probationary period of employment, the employment may be terminated at the will of either the School District or the employee on notice to the other for any reason or no reason. Prior to the conclusion of the original or extended probationary period, the Superintendent will determine whether to retain the employee or make a recommendation to the Board for termination of probationary employment. If the employee is retained, the employee will be designated as one of the following types of employees depending on the factors noted.

If, before the probationary period concludes, the employee is placed on a written employment contract, the employment contract shall be a written contract of employment for a specific term with a beginning and ending date, within the meaning of Section 39-2-912(2), MCA. The employee will have no expectation of continued employment beyond the current contract term, and in the absence of Board action to offer a subsequent contract, the employment will automatically conclude at the conclusion of the contract term.

The District reserves the right to: (1) change employment conditions affecting an employee's duties, assignment, supervisor, or grade and/or (2) determine the salary and benefits for classified employees.

Salary Scale

All support personnel shall have their starting salaries based on the following index to the state minimum wage.

Aides, Tutors <i>Paras</i>	School Maintenance Director <i>2.10</i>	School Custodial Director	Custodian, Asst Maintenance
1.45	~~\$5~~ 1.95 <i>plus \$2 per hour for current Boiler License</i>	1.70	1.55

Head Cook	Assistant Cook	Cook's Helper	Secretary	Activities Secretary, Clerk's Assistant
1.70	~~1.40~~	~~1.30~~	1.45	1.60

1.45

At the conclusion of the six month probationary period, the employee will receive an index pay increase of .05 per hour.

During the probationary period of employment, the employee benefit package that includes, but is not limited to, the insurance stipend and earned leave, will be calculated on a per hour worked basis.

Each employee will receive a 3% increase annually during each year of the first four years of employment. Each employee will then receive a 5% increase for the fifth year of employment. This cycle of increases will continue with

a 3% increase for the sixth through ninth years and a 5% increase for the tenth year of employment. The cycle will then continue throughout the employment of classified personnel.

Classified staff members that are assigned and teach a "bonafide" class, that is listed on the class schedule and approved by the administration, will be compensated an additional \$500 per class period per semester/trimester. Such classes will require lesson plans, student performance evaluations, student performance reporting, etc. All due compensation will be paid at the completion of each semester/trimester.

Policy 2320: Field Trips, Excursions, and Outdoor Education

Status: ADOPTED

Original Adopted Date: 02/01/2021 | Last Revised Date: 12/20/2023 | Last Reviewed Date: 12/20/2023

Field Trips, Excursions, and Outdoor Education

The Board recognizes that field trips, when used as a device for teaching and learning integral to the curriculum, are an educationally sound and important ingredient in the instructional program of the schools. Such trips can supplement and enrich classroom procedures by providing learning experiences in an environment beyond the classroom. The Board also recognizes that field trips may result in lost learning opportunities in missed classes. Therefore, the Board endorses the use of field trips, when educational objectives achieved by the trip outweigh any lost in-class learning opportunities.

The Board shall approve all field trips in advance. Staff will submit requests for field trips to the principal for Board consideration. Building principals will develop procedures with respect to Board approved field trips, excursions, and outdoor education related to student code of conduct, insurance, chaperones and enforcement of District policy.

Staff members may not solicit students during instructional time for any privately arranged field trip or excursion without Board permission.

Transportation and lodging for trips or events under this policy shall be in accordance with Policy 8132. The presence of a person with a currently valid first aid card is required during school-sponsored activities, including field trips, athletic, and other off-campus events. Parental permission shall be documented for all school sponsored trips.

Current Paragraph 2 of 2320:

The Board shall approve all field trips in advance. Staff will submit requests for field trips to the principal for board consideration. Building principals will develop procedures with respect to Board approved field trips, excursions, and outdoor education related to student code of conduct, insurance, chaperones and enforcement of District policy.

2320 Recommend Adjustment to Paragraph 2:

The Board shall approve all field trips in advance. Staff will submit requests for field trips to the principal for board consideration. Building principals will develop procedures with respect to Board policy and handbook language for approved field trips, excursions, and outdoor education. related to Student code of conduct, insurance, chaperones and enforcement of District policy will remain the same as if the student were in school.
