INTERLOCAL AGREEMENT
between
CITY OF BELLINGHAM
and
BELLINGHAM SCHOOL DISTRICT

THIS INTERLOCAL AGREEMENT ("Agreement") is entered into by and between the **CITY OF BELLINGHAM** (the "City"), a municipal corporation of the State of Washington, and **THE BELLINGHAM SCHOOL DISTRICT No. 501** ("BSD"), a municipal corporation of the State of Washington. The City and BSD may be referred to collectively herein as the "Parties".

1. PURPOSE: The purpose of this Agreement is to set forth the terms and conditions upon which the City may provide the Bellingham School District ("BSD") with access to and use of the City of Bellingham's 800MHz Radio Network ("800 Network").

2. SCOPE OF SERVICES:

- 2.1** The City may provide BSD with access to and use of its 800 Network. The 800 Network is owned and operated by the City and maintained and managed by the City's Communications and Electronics Shop ("City Radio Shop").
- 2.2** BSD will be responsible for the purchase of subscriber units (mobile and portable radios, or "Radios") authorized for use on the 800 Network. Authorized equipment is limited to Kenwood subscriber units capable of operation on a Nexedge Gen2 trunked platform.
- 2.3** Operation on the 800 Network requires that the Radios be programmed and activated in the Network by the City Radio Shop or an approved vendor working in partnership with the City Radio Shop. Initial development of programming template and activation will be included in the one-time set up fee.
- 2.4** Maintenance and repair services for Radios is the responsibility of BSD and is not included within the scope of this Agreement. BSD may separately contract for City-provided maintenance and repair services for BSD Radios or utilize an outside authorized Kenwood dealer for repair services. All programming and code plug changes will be performed by the City Radio Shop unless otherwise authorized in writing by the City Communications & Electronics Manager.
- 2.5** In exchange for the subscriber fees below, the City will provide access to the Network and the assignment of three (3) unique talk groups for

exclusive use by BSD. The assignment and use of additional talk groups will result in additional charges as outlined below.

- 2.6 For no additional fees or charges, the City will include appropriate talk groups in use for interoperability with Emergency Services. The template for standard operating procedure for use of those talk groups is to be determined by operational requirements of the Public Safety Agencies involved and subject to modification over time.
- 2.7 The City Radio Shop is solely responsible for the operation and maintenance of the Network and has staff on call 24/7/365 days a year. The City will provide BSD with emergency contact information for reporting perceived Network failures or other performance issues.

3. PAYMENT:

- 3.1 Payment for use of the Network will be on a per subscriber unit / per month basis. The subscriber fee shall be \$20.00 per Radio per month through 2021 and begin on the first full month the Radio is active and in service. After that, the City will evaluate the subscriber fee and make any necessary adjustments on an annual basis and shall notify BSD in writing by September 1 of the year preceding the rate change. Any change to the subscriber fee will be effective January 1 of the following year, and any change in rate will not exceed 25% of the previous year's rate.
- 3.2 The base rate of \$20.00 per radio per month includes the assignment of three (3) unique talk groups to BSD to use as they wish. Additional talk groups will increase the monthly rate by \$5.00 per month per additional talk group. The City may waive the additional charge based upon the amount of traffic additional talk groups add to the system.
- 3.3 There will be an initial one-time account set up fee of \$250.00 which will cover code plug development, creation of the new account on the Network, activation on the Network, and setup of an account on the Over-The-Air-Programming (OTAP) application.
- 3.4 Upon activation of a Radio, the City will invoice BSD for that Radio for the remainder of that calendar year (starting with the first full month). That Radio will then be added to BSD's subscriber list, available to BSD by request at any time.

Prior to January 1 of each year, the City will invoice BSD for the next twelve (12) months for each Radio on the BSD subscriber list

3.5 The City will not activate radios for terms shorter than twelve (12) months after the initial activation period. Any BSD requests to deactivate a quantity of radios mid-year, and any request for an associated refund, will be determined by the City on a case-by-case basis in its sole discretion.

3.6 Payment shall be made within thirty (30) days of receipt of invoice. Delinquent amounts shall accrue interest at the rate of 12% per annum.

The City's obligations under this paragraph are further limited by Paragraphs 11 and 12 of this Agreement.
