1305 Dares Beach Road  
Prince Frederick, MD 20678

**Administrative Procedures for Policy # 3900 (Students)  
Regarding School Health Services  
School Health Program**

- I. Purpose
  - A. To provide services for students that promote optimum health for academic success
  - B. To promote the health and safety of students through identification, assessment, planning, implementation and evaluation of the health needs of the school community
  - C. To provide programs directed toward prevention of disease and promotion of health using health services, health counseling, and health education
- II. The Comprehensive School Health Services Program
  - A. The Chief Academic Officer/Assistant Superintendent or designee will serve as the Calvert County Public Schools health services program coordinator.
  - B. As appropriate, the health services program coordinator will communicate and coordinate services with CCPS departmental directors and the Calvert County Health Department to provide adequate health services and a healthful school environment
- III. Components of a Comprehensive School Health Services Program
  - A. The health services program coordinator or designee(s) will ensure the implementation of his/her assigned program(s) within the program components.
  - B. The Comprehensive School Health Program is holistic- not focusing solely on physical health but also addressing the mental, social and emotional health issues identified in the following 8 components of school health:
    1. Health Education
    2. Physical Education
    3. Health Services
    4. Nutrition Services
    5. Counseling, Psychological and Social Services
    6. Healthy School Environment
    7. Health Promotion for Staff
    8. Family/Community Involvement
