Hello Pilots!

I wanted to write this letter to help introduce myself and outline what counseling services will look like this school year.

I am so excited for the upcoming school year. This will be my 15<sup>th</sup> year at FC! My goal is to have a program that will encourage and support all students and their families. This year we will focus on social/emotional skills, academic goals, and career development. I will be implementing whole group classroom lessons, as well as small group lessons, and individual counseling.

Please do not hesitate to contact me if there is anything I can do to support your student. If you would like to complete the parent survey please type the URL in a browser or click on the link in parent square. Thank you to those who have already filled it out!
