Title

Georgia Association of Elementary School Principals President -- Joey Moss

Requested Action

School Board Recognition of the Newly Elected Georgia Association of Elementary School Principals President - - Joey Moss

Summary Explanation and Background

Congratulations to Clark Creek ES STEM Academy Principal Joey Moss, who will serve for the next year in the volunteer role as president of the Georgia Association of Elementary School Principals.

The professional association, which is made up of more than 700 members, provides school leaders with professional development focused on research based practices that advance student learning, and opportunities for networking to learn from their colleagues statewide.

Principal Moss began her teaching career in CCSD 28 years ago and taught at Woodstock MS and Carmel ES before serving as district teacher on special assignment for professional development and as an assistant principal at Woodstock MS and Boston ES.

During her tenure as Clark Creek's Principal since 2016, the school has achieved numerous honors including Cognia STEM Certification, National PTA School of Excellence, Georgia Title I Distinguished School, Georgia School Bell Award, International Technology and Engineering Educators Association's Program Excellence Award and Georgia Department of Education's “Garden of the Season” Award.
