Title

CCSD School Nutrition Team of the Year Winners

Requested Action

School Board Recognition of CCSD School Nutrition Team of the Year Winners

Summary Explanation and Background

The Cherokee County School District celebrated the winners of its third annual School Nutrition Team of the Year awards!

R.M. Moore ES STEM Academy is the elementary division winner, and E.T. Middle School is the middle school/high school/center division winner of the program, which gives school cafeteria teams the opportunity to win prizes by improving their service to students, teachers, and staff

For all of last school year, the teams at each school cafeteria worked to earn top scores for the "Six Servings of Success": health inspections, employee satisfaction, program participation (number of students who purchase meals or receive free or reduced-price meals), inventory levels, budgeting, and promotions.

The elementary school team and the middle school/high school/center team with the best scores were named the winners at School Nutrition's annual back-to-school training day for all staff held at Woodstock High School.

The R.M. Moore cafeteria team is led by Manager Kelly Pruitt and Assistant Manager Tammy Fortenberry and is made up of: Susan Clark, Micaela Morales, Erin Watkins, Regina West, and Emily Wood, and new to the team this school year, Christina Hogan and Ianondrea Singh.

The E.T. Booth cafeteria team is led by Manager Erika Smith and Assistant Manager Tammy Poulnot and is made up of: Imelda Alcantara- Martinez, Diana Cole, Lucy Cortez, Judit Hailu, Lisa LaCotti, Yinet Mirabal, and Carmen Parkoo.
