Re-Do Policy

We believe learning is a process, and sometimes students need a second chance to show what they know. To support mastery of skills and responsibility, the following guidelines apply to all assignment re-dos:

Eligibility

- Only **major assignments** and **assessments** (not daily work or participation grades) are eligible for re-do.
- The original assignment must have been submitted on time or within the late work policy window.
- Students must have completed all related classwork before requesting a re-do.
- Re-do's will not be allowed if a student had any missing assignments prior to the assessment.

Requesting a Re-Do

- The student must submit a **Re-Do Request Form** (or email the teacher) within **5 school days** of receiving the graded work.
- The request must include a plan for improvement (what the student will do differently).

Requirements

- Students must attend a **tutoring session, study hall, or teacher conference** before re-doing the assignment.
- The re-do must be completed and turned in within **7 school days** after approval.
- The new work must show **significant improvement**—simple corrections without deeper changes may not qualify.

Grading

- The highest possible grade for a re-do will be **up to 70%** (or teacher discretion).
- The higher of the two grades will be recorded (with a note indicating it was a re-do).

Limitations

- Only **one re-do** is allowed per grading period unless otherwise approved.
 - Group projects and final exams are not eligible for re-do
-

Academic Integrity

Cheating or plagiarism is not tolerated. First offense may result in a zero and parent contact. Further violations follow district policy.

 - Violation of safety protocols may result in removal from lab and disciplinary action
